

## SECTION VI

## Programs of Study

The following section outlines the Non-Credit, Skills Set Certificates, Certificates, Associate, and Baccalaureate degree programs available at West Virginia University at Parkersburg.

NON-CREDIT COURSES: Courses and programs may be offered as Non-credit or Fast-Track programs through Workforce and Community Education at WVU Parkersburg. In accordance with WV Council for Community and Technical College Education Series 3, Conversion of Non-credit Training Activities to College-Level Credit, non-credit courses may be converted to credit courses in some academic programs.

SKILLS SET CERTIFICATES: Skills Set Certificates provide specific competencies and carry a value of fewer than 12 credit hours. Skill Set Certificates available are:

- Certified Nursing Assistant
- Real Estate

ADVANCED SKILLS SET: Advanced Skills Set Certificates carry a value of 12 or more (but less than 30) credit hours. Advanced Skills Set Certificates available are:

- Basic Leadership
- Communication Arts
- Communication Skills
- Creative Writing
- Graphic Design
- Purchasing Competency
- Health Insurance/Customer Service
- Leadership
- Medical Office Assistant
- Entrepreneurial Studies
- MS Office
- Writing

DEGREE CERTIFICATES: Degree certificates are one-year certificate programs with a minimum of 30 credit hours that offer specific training for specific occupations. This certificate includes six hours of general education. Many degree certificates can lead to additional educational opportunities at the associate degree level. Degree Certificates available are:

- Advanced Leadership and Management
- Allied Health
- Child Development
- Chemical and Polymer Operator Technology
- Criminal Justice
- Culinary Arts
- Diversified Agriculture
- Electricity and Instrumentation
- Workforce Skills
- Heating, Ventilation, Air Conditioning and Refrigeration
- Industrial Maintenance
- Legal Studies
- Paraprofessional Studies
- Pharmacy Technician
- Residential and Commercial Electricity
- Science, Technology, Engineering and Mathematics
- Technical Studies
- Welding Technology

ASSOCIATE DEGREES: Associate degree programs have a minimum of 60 credit hours and are comprised of three degree types: Associate in Arts; Associate in Science; and Associate in Applied Science. Generally, the Associate in Arts and Associate in Science degrees are designed for students transferring to four-year programs. The Associate in Applied Science may also be transferred to an applied baccalaureate degree.

BACCALAUREATE PROGRAMS: The Baccalaureate program has a minimum of 120 credit hours and is generally a four-year degree program. The following baccalaureate degree programs are offered at WVU Parkersburg: Bachelor of Arts in Elementary Education; Bachelor of Arts in Multi-Disciplinary Studies; Bachelor of Applied Science with majors in Business Administration, Criminal Justice, Child Development, and Legal Studies; Bachelor of Science in Business Administration; Bachelor of Applied Technology; and the Regents Bachelor of Arts.

CAREER LADDER APPROACH: Many of the programs offered are part of a career ladder approach. This means that courses taken at the certificate level may be folded into the next level degree at the associate level. Similarly, programs of study at the associate level may be folded into the baccalaureate degree programs.

## SKILLS SET CERTIFICATES

Skills Set Certificates are designed to help students gain skills quickly for current or potential employment. They feature specialized training for a specific career or technology objective. A Skills Set Certificate is a series of courses that prepare students for a specific skill and carry a value of fewer than 12 credit hours. The Advanced Skills Set Certificate is a series of courses that carry a value of 12 or more (but less than 30) credit hours. Skills Set Certificates are awarded to students who have demonstrated mastery of skills and knowledge. Students must maintain a minimum 2.0 grade-point average in all classes to be issued a Skills Set Certificate by the respective academic division. The Certificate will be noted on the student's transcript and usually can be completed in two semesters or less.

Skills Set Certificate - Certified Nursing Assistant
Requirements for Certificate: 7 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| CNA 101 | Nurse Assisting | 7 hrs. |

Students interested in this certificate should contact the Health Sciences Division, (304) 424-8300.

## Skills Set Certificate - Real Estate <br> Requirements for Certificate: 8 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| REAL 301 | Principles and Practices | 2 |
| REAL 302 | Real Estate Law | 2 |
| REAL 303 | Real Estate Finance | 2 |
| REAL 304 | Real Estate Appraisal | 2 |

Students interested in this certificate should contact the Business \& Economics Division, (304) 424-8289.

|  | Advanced Skills Set Certificate - Basic Leadership <br> Requirements for Certificate: 12 hours |  |
| :--- | :--- | :--- |
| Course Number | Course Title | Credit Hours |
| PSYC 231 | Leadership \& Human Relations | 3 |
| SOC 151 | Sociology of the Workplace | 3 |

## DEGREE CERTIFICATES

Certificates are designed to provide basic skill level training and must have a minimum of 30 credit hours and at least six hours of general education. They are not designed for transfer to another institution. Students should understand that credit earned in these programs may not apply, upon transfer, to associate or bachelor's degrees offered by any other college or university. However, many of the certificates below may be embedded in associate and baccalaureate degrees at WVU Parkersburg in a career ladder approach. More information on Career Ladders programs is available in Section 7.

## adVanced LEADERSHIP AND MANAGEMENT CERTIFICATE

This degree certificate is designed for individuals who want to extend their knowledge of leadership theories and applications. This certificate is also available as a postbaccalaureate degree certificate for persons with baccalaureate degrees who wish additional preparation in leadership.

## Program Outcomes:

- Offering introductory to advanced courses intended to extend a person's knowledge and skills of leadership.
- Strengthening ones leadership abilities also flows into the employment arena and into ones community.
- Enhanced, effective leadership skills.

## Requirements for Certificate: 30 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| PSYC 231 | Leadership \& Human Relations | 3 |
| PSYC 323 | Industrial and Organizational Psychology | 3 |
| PHIL 231 | Workplace Ethics | 3 |
| SOC 151 | Sociology in the Workplace | 3 |
| GBUS 300 | Principles of Management Info Systems | 3 |
| MGMT 220 | Principles of Management | 3 |
| MGMT 322 | Organizational Behavior | 3 |
| MGMT 410 | Essentials of Leadership | 3 |
| PSYC 459 | Capstone - Advanced Leadership | 3 |
| Select one from the following: |  |  |
| PHIL 170 |  |  |
| GBUS 202 | Introduction to Logic | 3 |
| GBUS 405 | Business Communications | 3 |
| COMM 112 | Global Business | 3 |
| COMM 304 | Interpersonal Communications | 3 |

The 30-hour degree certificate can be used to satisfy the area of emphasis in the RBA Bachelor of Arts Degree.

## ALLIED HEALTH CERTIFICATE

This degree certificate prepares a student for entry into the nursing program or other health care fields. It allows the student to choose a pathway to certified nursing assistant and phlebotomist as an alternative to nursing. Upon successful completion of this degree certificate and completion of the certification exams, the graduate will have opportunities for employment in long-term care facilities, clinics, physician offices, and laboratories.

## Program Outcomes:

## Students will be able to

- Incorporate legal/ethical principles in decision-making when applying problemsolving strategies in the care of patients.
- Individualize communication techniques to support interpersonal relationships with patients and health care members.
- Uphold professional standards of the health care team.
- Apply the knowledge and skills to safely perform in the designated role within the health care team.

Requirements for Certificate: 30-31 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| SEMESTER 1: |  |  |
| BIOL 107 OR | Anatomy and Physiology I OR | 4 |
| BIOL 109/109L* | Anatomy and Physiology for Allied Health | $4+1$ |
| ENGL 101 | English Composition 1 | 3 |
| BTEC 253 | Medical Terminology | 3 |
| Skills Set ** |  | 7 |

| SEMESTER 2: | See below |  |
| :--- | :--- | :--- |
| Skill Set** |  | 3 |
| PSYC 101 | Intro to Psychology | 4 |

MATH $100 \quad$ Intermediate Algebra

* CS 101 may be substituted for BIOL 107 or BIOL 109/109
** 14 hours of skill sets are required. Options include:
CNA 101 ( 7 credits) NURS 111 may be substituted
PHLB 101 (7 credits)
PTEC 101 (7 credits)
BTEC 254/255/256 (9 credits)

## CHILD DEVELOPMENT CERTIFICATE

The Child Development Certificate is an initial entry and exit point for students interested in a career in child development. In order to be considered for Admission to and Retention in the Child Development Certificate program student must complete all program (CDEV and EDUC) coursework with a C or better.

## Program Outcomes:

In alignment with the NAEYC standards for Professional Preparation, the Child Development Program at WVU Parkersburg is dedicated to achieving the following preparing graduates who can and do:

- Promote child development and learning
- Build community and family relationships
- Observe document and assess young children
- Teach young children in a developmentally and individually appropriate way
- Act as an early childhood professional

The principal elements of the assessment plan for the Certificate in Child Development are:

1. Mastery of general education objectives
2. Mastery of understanding of context, content, strategies, and dispositions related to the field of early childhood.
3. Demonstration of the ability to promote child development and learning
4. Demonstration of the ability to build family and community relationships
5. Demonstration of observation and assessment of young children
6. Demonstration of teaching of young children
7. Demonstration of professionalism within the field of early childhood

In order to be considered for Admission to and Retention in the Child Development Certificate program, students must complete all program (CDEV and EDUC) coursework with a C or better.

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |

| CDEV 205 | Young Children with Special Needs | 3 |
| MATH 100 | Intermediate Algebra | 3 |
| CDEV 240 | Observation \& Assessment Strategies | 3 |
| CDEV 155 | Guiding Young Children | 3 |
| EDUC 255 | Language Arts \& Emergent Literacy | 3 |

## CHEMIGAL AND POLYMER OPERATOR TECHNOLOGY CERTIFICATE

The Chemical \& Polymer Operator Technology program is a 30-hour Certificate. The hands-on program prepares individuals to enter into the good paying job of process operator/technician. The curriculum is the same as utilized by 56 colleges affiliated with the Center for the Advancement of Process Technology (a National Science Foundation Center of Excellence) of which WVU Parkersburg is a member. The program is recognized throughout the United States and a number of foreign countries.

## Program Outcomes

Introduction to the job requirements/ duties of a process technician including the physics, chemistry, equipment, safety, health and the environment for process industries. Students will have an:

- Understanding of OSHA General Industry requirements.
- Understanding of Total Quality Management concepts including customer service, variance, process capability, continuous improvement, corrective/preventive action, SPC basics, data collection, and control charts
- Understanding of the process instrumentation that a process technician/operator utilizes in performing job functions.
- Ability to use the various types of equipment in the process environment and the interaction of the process operator/technician with it.
- Knowledge of equipment roles and control methods for each process system.
- Ability to demonstrate safety and the role played by operator in maintaining the system safely.

Requirements for Certificate: 30 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| SEMESTER 1: | Intro to Process Technology |  |
| ATPT 130* | Process Safety, Health and Environmental | 2 |
| ATPT 131* | Process Instrumentation | 3 |
| ATPT 140* | Process Technology I - Equipment | 4 |
| ATPT 141* | Technical Math | 3 |
| MATH 111 |  | 4 |

## SEMESTER 2:

ATPT 132* Process Quality 3
ATPT 242* Process Technology II - Systems 3
Process Technology III - Operations Process Technology III - Operations 4
ATPT 260
ENGL 107
Courses deveped by CAPT (Center for Ad
Courses developed by CAPT (Center for the Advancement of Process Technology)
Course descriptions for ATPT courses are listed under the heading Process Technology in Section 11.

## CRIMINAL JUSTICE CERTIFICATE

The Certificate in Criminal Justice is a career pathway for the Associate in Applied Science and Bachelors of Applied Sciences degrees in Criminal Justice at WVU Parkersburg.

## Program Outcomes:

## Students will be able to

- Display a basic understanding of law and the legal system.
- Exemplify a basic understanding of ethics and how it applies

Requirements for Certificate: 30 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| CJ 111 | Introduction to Criminal Justice | 3 |
| CJ 112 | Criminal and Constitutional Law | 3 |
| CJ 123 | Introduction to Corrections | 3 |
| CJ 213 | Probation and Parole | 3 |
| CJ 312 | Ethics in Criminal Justice | 3 |
| CJ 331 | Criminal Investigations | 3 |
| PSYC 101 | Introduction to Psychology | 3 |
| SOC 101 | Introduction to Sociology | 3 |
| ENGL 101 | Composition I | 3 |
| COMM 111 | Fundamentals of Speech | 3 |

## CULINARY ARTS CERTIFICATE

The Culinary Arts Program is designed to meet the demands for well-trained food service personnel with an emphasis on development of basic techniques of commercial food preparation. Exposure to many facets of food preparation as well as nutrition, sanitation, menu planning, and personnel management used by the professional culinarian are included in the program. Hands-on experience is a high priority in the laboratory classes, building a solid foundation of basic cooking skills. Students wishing to enter the Culinary Arts Certificate or AAS Program in Culinary Arts will be required to submit an application and be granted acceptance before they will be eligible to declare the program as their major.

## Program Outcomes:

## The student will::

- Prepare food items per American Culinary Federation prescribed standards.
- Demonstrate proficiency in the following skills:
a. Knife Skills
b. Meat Fabrication
c. Sauce Making
d. Plating and Presentation
- Develop and refine skills in résumé writing, job interviewing skills and personnel management.
- Exhibit professionalism and knowledge of all cooking and sanitation concepts.

Requirements for Certificate: 30 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| SEMESTER 1: |  |  |
| CUL 100 | Food Service Sanitation | 2 |
| CUL 125 | Nutrition for Foodservice | 3 |
| CUL 105 | Introduction to Baking | 3 |
| CUL 101 | Food Preparation I | 3 |
| CUL 120 | Meat Fabrication/Preparation | 3 |
| ENGL 101 | English Composition I | 3 |
| SEMESTER 2: |  |  |
| CUL 126 | Dining Service | 3 |
| CUL 130 | Commercial Food Preparation | 3 |
| CUL 102 | Food Preparation II | 3 |
| MATH 100 | Intermediate Algebra | 4 |

## DIVERSIFIED AGRICULTURE CERTIFIGATE

There is an increasing demand for locally grown food. The Diversified Agriculture Program is intended to train students to meet these needs. It is designed for enthusiastic students who seek a broad education in the agricultural sciences. The focus of this hands-on experiential learning program is on locally grown products with an emphasis on plant and soil sciences.

## Program Outcomes:

## Students will be able to:

- Have knowledge of crop and/or animal physiologic development.
- Have the ability to manage crop and/or animal production.
- Possess knowledge of how soils relate to agricultural productivity.
- Have the ability to develop comprehensive, Integrated Pest and Disease Management plans
- Possess knowledge of marketing and sales strategies for agricultural products

Requirements for Certificate: 31 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| DAGR 111 | Professions in Agriculture | 1 |
| DAGR 112 | Principles of Soil Science | 4 |
| DAGR 113 | Greenhouse Management | 3 |
| DAGR 114 | Agroecology | 3 |
| BIOL 101 | General Biology | 3 |
| BIOL 103 | General Biology Lab | 1 |
| CHEM 111 | Chemistry | 4 |
| CHEM 111L | Chemistry Lab | 0 |
| MATH 126 | College Algebra | 3 |
| ENT 200 | Entrepreneurship | 3 |
| ENT 206 | Management and Marketing | 3 |
| ENGL 101 | English Composition I | 3 |

## ELECTRICITY \& INSTRUMENTATION CERTIFICATE

The E\&I Certificate provides basic skill sets for working as an electrician or instrumentation technician in an industrial setting.

## Program Outcomes:

## Students will have a/an:

- Basic understanding of safety.
- Use of hand tools, power tool, and test instruments
- Basic understanding of electrical theory and NEC
- Basic understanding of flow, pressure, and temperature
- Basic understanding of electronic components
- Understanding of motors, transformers and distribution
- Understanding of transducers, actuators, and controllers
- Ability to calibrate and configure process loops
- Use of PLCs, data networks, and DCSs
- Level 4 E \& I NCCER Certification Project Completion
- Ability to write concise and accurate reports
- Ability to solve algebraic equations
- Understanding of fractions, decimals, and percentages
- Understanding of area and volume

Requirements for Certificate: 30 hrs .

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| SEMESTER 1: |  |  |
| MTEC 102 | Introductory Craft Skills | 2 |
| MTEC 103 | Introduction to Maintenance Technologies | 3 |
| ELEC 102 | Electrical \& Instrumentation Technology 1 | 3 |
| ELEC 103 | Electrical \& Instrumentation Technology 2 | 3 |
| ELEC 104 | Electrical \& Instrumentation Technology 3 | 3 |
|  |  |  |
| SEMESTER 2: | Electrical \& Instrumentation Technology 4 |  |
| ELEC 202 | Electrical \& Instrumentation Technology 5 | 3 |
| ELEC 203 | Electrical \& Instrumentation Technology 6 | 3 |
| ELEC 204 | Technical Writing | 3 |
| ENGL 107 | Shop Math | 3 |
| MATH 107 | E \& I Capstone Course | 3 |
| ELEC 260 |  | 1 |

## EMERGENCY RESPONSE CERTIFICATE

The Emergency Response Certificate provides the basic skills necessary for first responders in a number of emergency situations. The program provides a seamless curriculum option for Wood County Schools students attending the Caperton Center.

## Program Outcomes:

Students will:

- Have a basic understanding of safety and fire prevention
- Be able to apply Incident Command Systems (ICS) principles to the establishment and operation of effective emergency communication in any planned or unplanned event.
- Prepare for and respond to terrorist attacks, major disasters and other emergencies through understanding and use of the National Incident Management Systems (NIMS)
- Possess an understanding of introductory firefighting including the history of the fire service, organization of departments, the behavior of fire and firefighter safety.
- Have the ability to use equipment in firefighting, building materials and construction.
- Be familiar with components of the EMS System operations and the roles, responsibilities, legal and ethical issues of paramedic sciences.
- Understand of the significance and attributes of implementing community illness and injury prevention programs.

Requirements for certificate: 30 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| SEMESTER 1: | Fire Fighting I |  |
| FFT 101 | Introduction to Criminal Justice | 3 |
| CJ 111 | Introduction to EMS I | 3 |
| EMED 105 | Forensic Psychology | 5 |
| PSYC 365 |  | 3 |

SEMESTER 2:
FT 102
ENGL 107 OR
ENGL 101
CS 101
ERES 120
ERES 260

## HEATING, VENTILATION, AIR CONDITIONING \& REFRIGERATION CERTIFICATE

The HVAC/R is a degree certificate program designed to meet the standards and skill training necessary to be a licensed Heating, Ventilation, Air Conditioning and Refrigeration technician in West Virginia. The program may be completed as a standalone certificate program or be embedded in Board of Governors Associate in Applied Science degree program, the AAS of Technical Studies at WVU Parkersburg. The content in the HVAC/R program is modularized for increased flexibility and access.

## Program Outcomes:

## Students will have a/an:

- Basic understanding of safety, hand and power tools
- Ability to read construction and system drawings
- Ability to use soldering and brazing techniques
- Understanding of basic electricity
- Basic understanding of heating, cooling and ventilation
- Basic installation and maintenance practices
- Basic understanding of refrigerants and oils
- Ability to perform basic work on compressors
- Ability to balance systems
- Ability to do perform entry-level HVAC/R installation
- Ability to do perform entry-level HVAC/R maintenance
- Ability to calculate heat and moisture flow
- Understanding of air and vapor barriers
- Understanding of building envelopes

Requirements for Certificate: 30 hours

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| SEMESTER 1: |  |  |
| MTEC 102 | Introductory Craft Skills | 2 |
| HVAR 120 | HVAC/R1 | 3 |
| HVAR 130 | HVAC/R2 | 3 |
| MATH 107 | Shop Math | 3 |
| PSCl 107 | Energy Technology | 3 |
|  |  |  |

| HVAR 140 | HVAC/R3 | 3 |
| HVAR 150 | Weatherization | 3 |
| EAMT 128 | HVAR Capstone Course | 1 |

## NDUSTRIAL MAINTENANCE CERTIFICATE

The Industrial Maintenance Certificate provides the entry-level mechanical skills of the AAS degree in Multi-craft Technology.

## Program Outcomes:

Students will have a/an:

- Basic understanding of safety, hand and power tools
- Ability to read construction and blueprint drawings
- Ability to safely handle materials
- Understanding of fasteners, rigging and lubrication
- Ability to repair gaskets, seals, pumps and valves
- Ability to test pneumatic and hydrostatic system
- Ability to install bearings, couplings, chains and belts
- Ability to set baseplates and align equipment
- Ability to perform preventative/predictive maintenance
- Ability to work with compressors and pneumatic systems
- Ability to use laser alignment equipment
- Advanced hydraulic system understanding
- Advanced hydraulic system troubleshooting and repair

Requirements for Certificate: 30 hrs .

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| SEMESTER 1: |  |  |
| MTEC 102 | Introductory Craft Skills | 2 |
| MTEC 103 | Introduction to Maintenance Technologies | 3 |

## PHARMACY TECHNICIAN CERTIFICATE

The Pharmacy Technician Certificate Program prepares qualified individuals to function as pharmacy technicians under the supervision of licensed pharmacists. As an integral member of the pharmacy staff, the pharmacy technician utilizes appropriate techniques and procedures to prepare and dispense medications in both the community and institutional pharmacy settings. The pharmacy technician also maintains patient profiles and manages inventory.

Through a combination of classroom presentations, campus laboratory practice and clinical experiences, the student will develop a knowledge of the roles and responsibilities of the pharmacy technician in the safe preparation and delivery of medications to patients. The program includes courses in general and technical education. Clinical and community practice experiences are under licensed pharmacist supervision at local hospital and retail pharmacies.

## Program Outcomes:

At the completion of the program, the graduating pharmacy technician will be prepared to:

- Assist the pharmacist in the safe preparation and dispensing of drugs.
- Facilitate the maintenance of the pharmacy practice site including inventory maintenance, record keeping, drug product storage and handling, and ordering/ inventory of materials.
- Use verbal, non-verbal, and written communication skills to function effectively within the health care team.
- Utilize knowledge of legal parameters and ethical standards of pharmacy practice in record keeping, medication storage and dispensing, customer interactions, guarding protected health information and maintaining product inventory.
- Identify basic principles of pharmacology in relationship to disease states, drug interactions, dosage forms, routes of administration and strengths/doses of medication, and identifying issues that require pharmacist intervention.

## APPLICATION TO PROGRAM. The Health Sciences programs have limited

 enrollment and a selective review process. Students requesting admission to the Pharmacy Technician Certificate program must first meet the requirements for general admission to the college, including satisfactory score on placement tests.In addition to meeting all general admission criteria for the college, students must complete a separate Health Sciences application and provide an official copy of their high school transcript or GED, ACT score, and any prior college transcripts.

Additionally, the applicant must be able to engage in educational and training activities in a manner that does not endanger themselves or others, be of good moral character, and have no history of felony conduct or convictions. The ability to stand for long hours is a requirement for pharmacy technicians.

## Requirements for Admission to the Pharmacy Technician Certificate Program.

Be a high school graduate or possess a GED.
ACT composite score or equivalent Accuplacer score of 17 or above and a minimum 2.0 cumulative college GPA.

Application Procedure. Applications to the Pharmacy Technician Certificate Program are available in the Health Sciences Division office and online at www.wvup.edu/ healthsciences.

Admission Limitations. Due to space limitations, qualified applicants are ranked according to composite ACT scores and Cumulative GPA. An interview may be requested at the discretion of the Pharmacy Technician Program Coordinator.

Requirements for Participation in Clinical Experiences. Each student admitted into the Pharmacy Technician Certificate program must meet the requirements for participation in clinical experiences. Students are required to have a physical examination and complete required immunizations, maintain current CPR certification, submit to drug testing and background check, and adhere to HIPAA regulations and the Professional Standards/Safe Clinical Practice Standards of the Pharmacy Technician Certificate Program. The requirements for participation in clinical experiences can be found online at www.wvup.edu/healthsciences.

The WVU Parkersburg administration reserves the right to amend this documentation, upon recommendation of the Health Sciences Division, without notice to insure the integrity of the program and safety of the students, college, and community at large.

As a requirement for graduation, each student must take the Pharmacy Technician Certification Exam given by the Pharmacy Technician Certification Board. Students studying on a full-time basis may normally expect to complete the Certificate within two semesters (fall and spring consecutively). The course of study requires completion of the following courses with a grade of C or better and a minimum cumulative grade-point average of 2.0:

Requirements for Certificate: 31 hrs .

| Course Number | Course Title | Credit Hours |

## RESIDENTIAL AND COMMERCIAL ELECTRICITY CERTIFICATE

The Residential and Commercial Electricity Certificate is a degree certificate program designed to meet the standards and skill training necessary to be licensed as a residential and commercial electrician in West Virginia. The program may be completed as a stand-alone certificate program or may be embedded in the Solar Energy Technology AAS. The content in the Residential and Commercial Electricity Certificate program is modularized for increased flexibility and access. Students may use the Residential \& Commercial Electricity certificate as the first year of the AAS degree in Solar Energy Technology.

## Program Outcomes:

Students will have a/an:

- Basic understanding of safety, hand and power tools
- Ability to use hand and power tools
- Ability to read construction drawings and blueprints
- Ability to bend and install conduit and wiring
- Ability it use electrical test equipment
- Knowledge of AC electricity fundamentals
- Basic understanding of motors and motor applications
- Understanding of lighting fundamentals
- Ability to use cable trays, pull boxes, and load calculations
- Understanding and use of circuit protection devices
- Understanding of transformers, and motor controls
- Understanding of voice, security, and data networks
- Ability to properly size conductors
- Understanding of fire, emergency and security circuits

## SCIENCE, TECHNOLOGY, ENGINEERING AND MATH (STEM) CERTIFICATE

The Science, Technology, Engineering and Mathematics (STEM) Certificate of Applied Science (CAS) is designed to provide an introduction to and insight to many technical and professional careers, including engineers, chemists, researchers, technicians, biologists, physicians and other areas demanding analytical and critical thinking skills. The STEM CAS can be earned while pursuing the AS Pre-professional pathway, AAS pathways in Automated Control Systems, Solar Energy Technology, and Bachelor of Applied Technology (BAT) Majors.

## Program Outcomes:

Students will have the:

- Ability to think critically.
- Applies Scientific Methods.
- Ability to measure, test, analyze and draw conclusions.
- Ability to solve mathematical problems.
- Ability to demonstrate technological expertise.

Requirements for Certificate: 30-31 hrs.

## TECHNICAL STUDIES CERTIFICATE

The Certificate in Technical Studies with emphasis in Manufacturing Supervision is a statewide program offered at WVU Parkersburg. This Certificate in Technical Studies makes available to West Virginia's community and technical colleges a program for cooperating with business, industry, service agencies, and labor in offering residents expanded opportunities for growth in occupational knowledge and skills and postsecondary general education. The program provides for incorporation, in a certificate program format, general education, general or related support courses, and specific occupational training. On-the-job training and internship experience may be included as an optional component. Portions of this type of education and training are currently offered through high quality industry, business, labor, and agency-based human resource development programs. In addition, business, industry, labor, and agencies often request specific combinations of existing credit courses and/or noncredit training modules (such as those provided by the WV Training Network); this program provides an approved, appropriate means of meeting such requests.

## Program Outcomes:

The objectives of this program include:

- Provision of a vehicle to facilitate direct educational partnerships with business, industry, labor, and agencies which are designed to assist in enhancing and maintaining efficiency and effectiveness and, where appropriate, their competitiveness in the regional, national, and international market places
- Enhancement and broadening of quality industry-based educational and training programs through the addition and integration of a collegiate level general education component in a certificate program format.
- Encouragement of program participants to adopt a philosophy which embraces the practice of continuing lifelong education. Enhancement of the general education, technical, and occupational skills West Virginia's workforce and, consequently, of West Virginia's climate for economic development.
- Provision of a timely and efficient mechanism to address the training and educational needs of business, industry, and agencies through the delivery of customized programs based on documented needs.
- Improvement in the efficiency and effectiveness levels of higher education by using resources in the private sector to complement those of higher education.

This program provides courses meeting the following core competencies:

## Component I - General Education (6 credit hour minimum)

|  | Credit Hours |
| :--- | :--- |
| Communication Skills (appropriate to occupational area) | 3 |
| Quantitative Skills | 3 |
| Optional Additional General Education or Technical Courses* | $0-5$ |

*Courses which directly support the technical knowledge/skills taught in the program.

## Component II - Technical/Occupational Specialty ( 24 credit hour maximum)

This component consists of technical specialty courses specific to an occupational area. Technical courses developed by the college, approved courses included in a business, industry, labor, or agency-based education/training program or combinations of credit courses and/or non-credit training modules evaluated for credit equivalency by an identified college body can be included in this component.

Externally based education and training programs which are equivalent to college level classroom/laboratory courses are to be converted to college credit hours at no newer ratios than 15:1 contact to credit hours for lecture, and at a rate consistent with the lab contact hour/credit hour ratio of WVU Parkersburg. Credit equivalencies for non-credit training modules will be converted at no fewer ratios than 30:1 contact to credit hours. Credit for externally based education and training will be awarded upon completion of the college work Component I.

## Component III - Supervised Worksite-Based Learning or On-the-Job Training in the Occupation (6 credit

 hour maximum)Credit for worksite-based training is optional in a certificate in technical studies program. When incorporated, such training consists of a paid or unpaid internship practicum, or on-the-job training experience performed in a business, industry, labor, or agency setting in the occupational area related to the certificate.

The credit value of internships included in the certificate program in Technical Studies will be determined by the same process and contact to credit hour ratio as that in traditional programs. Business, industry, and agency-based on-the-job training experience is to be converted to credit hours at a ratio of 160:1, with a maximum of 960 contact hours allowable. A statement of the total number of contact hours experienced in this component may be placed on the college record. This credit is recorded immediately prior to graduation from WVU Parkersburg. Total semester hours must equal to 30 semester hours.

## WELDING TECHNOLOGY CERTIFICATE

The Welding Certificate Program provides instruction in all the popular welding processes. Upon mastery of these processes, students are assessed using the AWS Sense Level 1 examination. This certification usually will allow the student the opportunity to test for a potential employer in whatever code is required. Students studying on a full-time basis may normally expect to complete the certificate in one academic year. All credit earned may be applied to the AAS Degree in Welding Technology should the student subsequently choose to pursue the degree. To complete the certificate, students must complete the following courses with a minimum cumulative grade-point average of 2.0 :

## Program Outcomes:

Students will be able to:

- Have a basic understanding of safety, hand and power tools
- Apply principles of oxyacetylene welding, cutting, and brazing.
- Understand basic knowledge and skill with GMAW, SMAW, GTAW, and FCAW processes.
- Perform hands-on basic SMAW welding utilizing E6010 and E7018 electrodes on pad of beads, lap joints, tee joints, and butt joints in all positions.
- Perform hands-on basic GMAW welding on pad of beads, lap joints, tee joints, and butt joints in all positions.
- Perform hands-on basic GTAW welding on pad of beads, lap joints, tee joints, and butt joints in all positions.
- Perform hands-on basic FCAW welding on pad of beads, lap joints, tee joints, and butt joints in all positions.
- Demonstrate blueprint reading.
- Understand basic properties and classification of metals.

## Requirements for Certificate: 31 hrs

To complete the certificate, students must complete the following courses with a minimum cumulative gradepoint average of 2.0:

| Course Number | Course Title | Credit Hours |
| :--- | :--- | :--- |
| WELD 113 | Weld Basic | 2 |
| WELD 171 | Welding Theory | 2 |
| WELD 111 | Basic Oxyacetylene | 3 |
| WELD 160 | Welding Blueprint Reading | 3 |
| WELD 121 | Basic Shielded Metal Arc Welding (SMAW) | 3 |
| WELD 131 | Basic Gas Tungsten Arc Welding (GTAW) | 3 |
| WELD 133 | Basic Flux Core Arc Welding (FCAW) | 3 |
| WELD 134 | Basic Gas Metal Arc Welding (GTAW) | 3 |
| WELD 281 | Metallurgy | 3 |
| WELD 261 | Steel Fabrication | 3 |
| MATH 107 | Shop Math 1 | 3 |

## wORKFORCE SKILLS CERTIFICATE

This certificate provides an entry-level academic program suited for those students who want a flexible, defined course of study that meets work force entry-level needs. The Certificate in Workforce Skills is an ideal program for students who must take support courses or who are undecided in their career pathway. Materials studied in the CAS and the classroom expectations guarantee that a successful candidate possesses the skills and competencies needed according a study produced by The Center for the Advancement of Process Technology (CAPT) and funded by the National Science Foundation under Grant No. 0532652.

## Program Outcomes:

## Students will be able to

- Allow the college to successfully and correctly track the progress of students who need support and assistance with entry-level skills.
- Seamlessly move into other courses of study by completing classes that 'translate' to credits in other college Associate Degree Programs.
- Meet the requirements of the State of WV as concerns transferability of genera education courses within the WV state college system and number of required general education credit hours.

Requirements for Certificate: 31 hrs .

## ASSOCIATE IN APPLIED SCIENCE (AAS) DEGREE

AAS degrees at WVU Parkersburg offer entry-level skills in various career/technical areas. The AAS degree is not specifically designed for transfer to other institutions. Students should understand that credit earned in any of these degrees may not apply upon transfer to bachelor's degrees offered by any other college or university. The AAS degree includes at least 15 hours of general education. AAS degrees offered include:

3D Modeling and Simulation Design<br>Board of Governors*<br>Business Administration<br>Accounting Technician<br>Entrepreneurial Studies<br>General Business<br>Business Technology<br>Child Development<br>Computer/Information Technology<br>Computer Science<br>Criminal Justice<br>Culinary Arts<br>Diversified Agriculture<br>Engineering Technology<br>Electronics and Mechatronics<br>Energy Management and Building Control<br>Journalism<br>Legal Studies<br>Machining Technology<br>Multi-Craft Technology<br>Nursing<br>Occupational Development*<br>Solar Energy Technology<br>Surgical Technology<br>Technical Studies*<br>Welding Skills Technology<br>* Statewide programs

## 3D MODELING AND SIMULATION DESIGN <br> Associate in Applied Science (AAS) Degree

The 3-D Modeling and Simulation Design program offers a high quality and diversified curriculum that prepares students for work in the fields of engineering, simulation software design, architecture and graphic design. Topics in 3D Modeling, Simulation, Parametric Modeling and Architectural Drafting focus on the use of AutoCAD, 3DSMax, Inventor, Microstation and similar software in addition to foundational courses focusing on visual design, drafting and sketch rendering concepts.

## Program Outcomes:

Students will have the:

- Ability to produce graphic designs and drawings developed by use of computer. Drawings include orthographic, pictorial, electrical, auxiliary, isometric, mechanical and architectural.
- Produces graphic representation and solution of space problems; points, lines, planes, parallelism, perpendicularity, vectors, developments, intersections, and warped surfaces
- Ability to use 3DSMax to create 3D models in an environment that is used in multiple fields of study such as Design, Engineering and Animation.
- Ability to use Microstation to create 3D models in an environment that is used in multiple fields of study such as Design, Engineering and Animation.
- Ability to use Inventor to create 3D models in an environment that is used in multiple fields of study such as Design, Engineering and Animation.
- Ability to animate objects and characters in 2D and 3D
- Ability to create animated architectural and mechanical drawings in 3D

## BOARD OF GOVERNORS

Associate in Applied Science (AAS) Degree
The Board of Governors AAS degree is a nontraditional degree completion opportunity at the associate degree level specifically devised for adult learners to meet occupational goals, employment requirements, establish professional credentials, or achieve personal goals. This degree program provides an opportunity for adult learners to utilize credit for prior learning experiences via licenses, certificates, military credit, and other non-collegiate sources while assuring maximum credit transferability. Through this program, adult students can establish deserved credentials, achieve a personal sense of accomplishment, and position themselves for advancement into a baccalaureate program.

This degree requires 60 credit hours and must be the first associate degree earned. The structure of the degree assures flexibility in program design to meet the individual needs of adult students. The required general education courses assure the development of essential skills and competencies necessary for an associate degree level graduate.

## Graduation Requirements include:

1. Successful completion of 60 hrs. Must complete at least 12 hours from a regionally accredited institution of higher education of which three (3) credit hours must be earned at WVU Parkersburg.
2. Minimum overall grade point average of 2.0.
3. Must have been out of high school for at least two years.

## Program Outcomes:

Students will:

- Be able to complete a degree using credits earned in a number of ways.
- Meet occupational goals.
- Qualify for employment opportunities.
- Establish professional credentials.
- Achieve personal goals of completing a college degree.
- Be in a position to advance to a baccalaureate degree program.

## Board of Governors Associate in Applied Science Degree

General Education: 21 hours to include communications, humanities, natural sciences, social sciences, mathematics, computer literacy, and other approved general education courses. The General Education core is broken down in the following four content areas:

## Course

Communications
Mathematics/Natural Sciences
Social Sciences/ Humanities
Computer Literacy

## Credits

6 hrs.
6 hrs.
6 hrs.
3 hrs .

Free Electives: Students can complete the 60 hour AAS Degree requirement by utilizing credit hours earned through traditional college courses, standardized exams (CLEP, DANTES), institutional-based (in-house) challenge exams, licensure/certification/ formal training programs (standardized awards), military training, and portfolio review to complete the additional 39 credit hours.

## BUSINESS ADMINISTRATION <br> Associate in Applied Science (AAS) Degree

The AAS-BA Degree offers concentrations in Accounting Technician, General Business, and Entrepreneurial Studies. It is a comprehensive program that will qualify students for entry-level positions in the banking, accounting, or other entry-level business areas. This program is designed to fold directly into the already established Bachelor of Applied Science in Business Administration (BASBA) program. All business programs are accredited by the Accreditation Council of Business Schools and Programs (ACBSP). 11520 West 119th Street, Overland Park, KS 66213 www.acbsp.org

## Program Outcomes:

Students will:

- Be able to communicate effectively and professionally both orally and in writing within the context of the business world.
- Demonstrate competence in the use of electronic tools to research, manage, and present information.
- Use quantitative and qualitative strategies to support organizational decisionmaking.
- Demonstrate the ability to solve problems using programmed and nonprogrammed decision techniques using logical reasoning for evaluating information and data
- Demonstrate the ability to work ethically, effectively, and respectively with people of diverse backgrounds and with people whom have different roles, social affiliations, and personalities.

## Graduation Requirements

- Complete 60 credit hours from the Accounting Technician, General Business, or Entrepreneurial Studies curriculum.
- Maintain minimum grade-point average of 2.0 in all general education courses and supportive course requirements.
- Maintain minimum grade-point average of 2.25 in all the Business Core courses.
- Maintain minimum grade-point average 2.5 in the area of concentration.
- Complete at least 16 hours of credit at WVU at Parkersburg.
- File Graduation Application at the Registrar's Office within the stated deadlines.

## BUSINESS TECHNOLOGY

Associate in Applied Science (AAS) Degree
The AAS Degree in Business Technology is a comprehensive program emphasizing the integration of competency skills from the areas of information, technology, basic skills, critical thinking, and problem-solving applications necessary in modern business operations. The program provides learning opportunities to introduce, develop, and reinforce academic and technology skills and attitudes required for job acquisition, retention, and advancement in the 21st Century.

Students with Business Technology skills may use the Credit-by-Examination or InHouse Examination in certain courses. See Section V, Academic Information, for eligible CLEP and/or In-House Examinations. Students pursuing EDGE credit should contact their county schools director. To avoid duplication of courses, students should provide EDGE documentation to the Records Office and academic advisor as soon as possible when admitted to the college.

## Program Outcomes:

 Students will:- Develop career awareness and related skills to enable students to make viable career choices and become employable in a variety of business and marketing careers.
- Communicate effectively as writers, listeners, and speakers in business and marketing settings in the global business environment.
- Use ethical values, behavior, and procedures to make decisions about planning, organizing, and allocating resources.
- Understand the role that word processing, business information, and multimedia play in the workplace.
- Demonstrate advanced Microsoft Office technology skills to produce business documents, reports, etc., in business settings.

## Graduation Requirements

1. Complete 60 credit hours from the Business Technology curriculum.
2. Maintain a minimum 2.0 grade-point average in all general education and supportive course requirements.
3. Maintain a minimum 2.25 grade-point-average in all business core required courses.
4. Maintain a minimum 2.5 grade-point-average in the Business Technology concentration.
5. Complete at least 16 hours of credit at WVU Parkersburg.
6. File graduation application at the Registrar's Office within stated deadlines.

| Business Electives | Total | 6 |
|  |  | $\mathbf{2 1}$ hrs. |
|  | Total | $\mathbf{6 0}$ hrs. |

*Business Electives: Course in ACCT, BTEC, ECON, ENT, FIN, GBUS, MGMT, MKTG, including Co-operative Education electives in a Business discipline. Cooperative Education electives may account for no more than 6 credit hours toward graduation requirements.

## CHILD DEVELOPMENT <br> Associate in Applied Science (AAS)

The Associate in Applied Science (AAS) in Child Development provides preparation for those interested in working in childcare, Head Start, or preschool collaboratives. Students may receive credit hours for completions of the Apprenticeship Child Development Specialist program or a valid current CDA credential. Credit is determined based on review of student records by a certification analyst. The AAS in Child Development degree builds upon the Certificate in Child Development program.

## Program Outcomes:

In alignment with the NAEYC standards for Professional Preparation, the Child Development Program at WVU Parkersburg is dedicated to achieving the following preparing graduates who can and do:

- Promote child development and learning
- Build community and family relationships
- Observe document and assess young children
- Teach young children in a developmentally and individually appropriate way
- Act as an early childhood professional

The principal elements of the assessment plan for the Certificate in Child Development are:

1. Mastery of general education objectives
2. Mastery of understanding of context, content, strategies, and dispositions related to the field of early childhood.
3. Demonstration of the ability to promote child development and learning
4. Demonstration of the ability to build family and community relationships
5. Demonstration of observation and assessment of young children
6. Demonstration of teaching of young children
7. Demonstration of professionalism within the field of early childhood

## Requirements for Admission and Retention

In order to be considered for Admission to and Retention in the Associate in Applied Science with an emphasis in Child Development:

1. Student must hold at least a 2.0 grade point average (GPA).
2. Complete all program (CDEV and EDUC) coursework with a C or better.
3. Student must fulfill the following requirements in accordance with the Admission to the BAS with an emphasis in Child Development Policy. A file for each Child Development student will be maintained in the Education Office with all required documentation. When items are missing or need to be updated, the student must submit them by a date designated in a letter to the student in accordance with the Admission Policy. Failure to resolve issues by the deadline will result in removal from the program.
a. Fingerprints for BCl if he/ she is a resident of WV and has not lived outside of the state after the age of 18 . If he/she is an out-of-state resident or has lived outside of the state after the age of 18 he/ she needs an FBI check (fees may be associated with this process).
b. A statement of criminal record must be completed and returned. Must be updated every 2 years.
c. Medical Form. Must be updated every 2 years.
d. A negative result of TB test must be on file. Must be updated annually.
e. Authorization and Release for Protective Services Record Check form must be completed and returned with no findings of maltreatment. Form \# BCF PSRC 6/2005
f. Must hold a current Food handlers Card. (Must be updated every 2 years)
g. Copy of High School Diploma or GED must be on file.
h. Student must sign a confidentiality form.
i. The student must pass all required background checks and receive a "no conviction statement" from the Department of Health and Human Resources; waivers will not be granted. Student must also have no substantiated claims against them through Child Protective Services.
4. Files containing the above materials will be reviewed by the Child Development Department regularly. Failure to maintain a complete file at any time after admission will result in removal from Admitted status.
5. Student must uphold the NAEYC Code of Ethical Conduct http://www. naeyc.org/files/naeyc/image/public_policy/Ethics\ Position\  Statement2011_09202013update.pdf. Failure to adhere to the code may result in dismissal from the program.
6. Student must take the Early Childhood Education Competency Assessment, a standards-based competency assessment measuring knowledge and skills in the area of early childhood education to graduate from the program.

## COMPUTER AND INFORMATION TECHNOLOGY Associate in Applied Science (AAS) Degree

## Program Outcomes:

## Students will be able to:

- Possess basic understanding of operating systems
- Perform PC management and maintenance
- Understand of Cisco CCNA curriculum
- Understand of OSI and TCP/IP models
- Address, subnet and encapsulate IP networks
- Understand of Info Sys principles and terminology
- Determine Information System requirements
- Know legal and ethical issues
- Configure and troubleshoot routers, switches, servers and workstations.
- Understand of Operating Systems
- Apply of LAN and VLAN Switching technologies
- Be prepared for Information Technology industry-standard certification examination(s).

Requirements for AAS: 60 hrs .

The Associate in Applied Science degree program in Computer and Information Technology will prepare the student for a career in the computer/networking industry. Along with the general education requirements, students will take courses preparing them for a number of industry-recognized certifications, including A+, Network+, Cisco Certified Networking Associate Certification (CCNA), Microsoft Certified Professional Certification (MCP) and Linux+
COMPUTER SCIENCE
Associate in Applied Science (AAS) Degree

The Computer Science AAS program focuses on Software Analysis and Design. The curriculum is a business-friendly and useful curriculum. This program will provide students clear transition to employment in the fields of software development and/or into the BAT Software Engineering major.

## Program Outcomes:

Students will have a/an:

- Basic understanding of computer hardware and software, and the difference between operating system software and application software
- Ability to use application software to achieve goals and solve problems
- Ability to understand and use elements of good programming style and best practices
- Understanding of programming paradigms, such as imperative, functional, and object oriented design
- Ability to understand and use variables with different data types and control structures
- Ability to perform top-down design, use modular programming, string processing, elementary data structures, basic disk $\mathrm{I} / 0$, and recursion
- Understanding of problem-solving methods and development of algorithms for data manipulation, searching and sorting
- Ability to use complex data structures and algorithms to represent data relationships and solve complex problems
- Ability to use a database management system to create, read, update, and delete records
- Ability to use file systems and database systems to store and retrieve application state data and data structures
- Ability to design, configure, troubleshoot, and manage database tables, normalize data, and store and retrieve object attributes in a database

| CRIMINAL JUSTICE |  |  |
| Associate in Applied Science (AAS) Degree |  |  |

## Program Outcomes:

- Apply learned concepts by bridging the gap between theories and practice.
- Identify the investigative process and applicable laws.
- Summarize the process of prosecuting a criminal case at the state and federal levels.
- Display decision making and critical thinking skills as it relates to criminal justice.

The Associate in Applied Science Degree in Criminal Justice is embedded in the Bachelor of Applied Science (BAS) degree. This degree program studies society's formal control systems, the administration of justice and the criminal process. It covers various aspects of police and security work, criminal law and the courts, the penal system, crime prevention and investigation, correctional theories, and root causes of crime. It is a program designed to provide students with a basic understanding of the criminal justice system and the basic skills needed to further pursue education and work in law enforcement, corrections, and justice. CJ 111 is to be the first CJ course for Criminal Justice majors. CJ 291 will be taken the semester of graduation. A Major Fields Test will be taken in CJ 111 and again in CJ 291. The AAS in Criminal Justice is also available for completion as an on-line/E Campus program.

## Graduation Requirements.

1. Complete all listed courses.
2. Complete all necessary developmental courses.
3. Maintain a minimum 2.0 cumulative grade-point average.
4. Complete at least 16 credit hours at WVU Parkersburg.
5. File a graduation application to receive a degree at the Registrar's Office within stated deadlines.

Requirements for AAS: 60 hrs .

## CULINARY ARTS

Associate in Applied Science Degree (AAS)
The Culinary Arts Program is designed to meet the demands for well-trained food service personnel with an emphasis on development of basic techniques of commercial food preparation. Exposure to many facets of food preparation as well as nutrition, sanitation, menu planning, and personnel management used by the professional culinarian are included in the program. Hands-on experience is a high priority in the laboratory classes, building a solid foundation of basic cooking skills. Upon completion of the program students can obtain employment as cook, baker, sous chef, kitchen manager or supervisor, lead cook in restaurants, hotels, catering operations and other food service organizations. The program provides students with the opportunity to meet the requirements for certification by the American Culinary Federation.

## Program Outcomes:

Upon completion of this program, graduates will be able to:

- Demonstrate competencies in preparation of breakfast, lunch and dinner items using ingredients that are wholesome, sanitary and nutritious
- Demonstrate baking principles to prepare and serve various baked good
- Manage/communicate with people with respect to diversities
- Select and prepare meat, seafood and poultry items for service; choose accompaniments for each dish emphasizing different cultures
- Use and care for equipment normally found in the culinary kitchen
- Develop an understanding of basic principles of sanitation and safety and ability to apply the sanitation principles of food preparation
- Develop skills in knife, tool and equipment handling and ability to apply skills in food preparation
- Develop skills in producing a variety of cold food products and buffet designs
- Demonstrate an understanding of quality customer service
- Prepare items for buffet presentations including ice carvings
- Apply principles of menu planning and layout for development of menus in a variety of facilities and service options
- Apply knowledge of laws and regulations relating to safety and sanitation in the commercial kitchen
- Obtain a professional certification of Certified Culinarian (CC) through the American Culinary Federation

The program course requirements are presented in sequence. Part-time students and others who cannot follow this sequence should check course descriptions in the catalog to determine prerequisites and, in addition, should consult their academic advisor regarding the order in which they take courses. Uniforms are required for all laboratorybased classes. Students wishing to enter the Culinary Arts AAS program will be required to submit an application and be granted acceptance before they will be eligible to declare the program as their major.

ENGINEERING TECHNOLOGY
Associate in Applied Science (AAS) Degree
The AAS Degree in Engineering Technology provides a sound framework in basic engineering courses and experience needed for employment in a wide variety of fields. Graduates are prepared to solve problems and make calculations in their specialty fields Fundamentals are stressed with the expectation that graduates can offer basic entry skills to the majority of industrial and technical employers.

Degree Concentrations. The AAS Degree in Engineering Technology is comprised of a common core of courses required of all Engineering Technology students (the STEM CAS) plus a variety of specialized courses for each concentration. Technicians qualified in these concentrations commission, maintain and troubleshoot various types of control and communication systems. Due to the highly technical nature of the skills required in these careers, this is a very rigorous program which requires students to excel in courses such as computer networking, computer programming, fluid, mechanical and electrical power systems and electronics. In addition, an in-depth understanding of particular processes is required. For that reason there are two specializations to the Engineering Technology degree that are determined by the electives chosen. The Electronics and Mechatronics Concentration is designed to build upon the STEM Certificate from WVU Parkersburg and provides additional coursework required for careers in high level technical electronics, signal processing, communications and automated control. The Energy Management and Building Control Concentration is designed to provide skills necessary for energy audits, facilities management of energy systems and the repair, maintenance and automated operation of complex building control systems.

## Program Outcomes:

## Students will:

- Demonstrate good safety practices
- Possess basic understanding of electrical theory
- Understand and applies PLC programming, open and closed loop control, transducers, actuators, controllers, motor controls and robotics.
- Understand and apply analog signal processing, amplification, filters, op amps, and solid state power devices.
- Understand digital circuitry, logic gates and systems, A/D and D/A conversion, memory and addressing.

## Graduation Requirements:

1. Complete the degree concentration in either Electronics and Mechatronics, or Energy Management and Building Controls.
2. Maintain a minimum 2.0 cumulative grade point average.
3. Complete at least 16 credit hours at WVU Parkersburg.
4. File application to receive a degree at the Registrar's Office within stated deadlines.
5. For the Electronics and Mechatronics Option, a "C" or better must be earned in all "ELEC" courses.

The AAS degree in Journalism provides training for those interested in working at smal circulation daily, biweekly or weekly newspapers, small-market radio and television stations, advertising and public relations firms, and business organizations which maintain their own public information and publications.

## Program Outcomes:

Students will be able to:

- Write well and be able to synthesize information into a coherent and informative piece;
- Demonstrate an appreciation of the theory and practice of good visual communication, whether it be in information graphics, photojournalism, online journalism, or television journalism;
- Formulate cogent questions and develop principled conclusions in interviewing sources and covering public affairs;
- Uphold the principles and responsibilities of a free press, including a commitment to accuracy, fairness, depth, and social conscience;
- Acquire the critical thinking and professional skills necessary to collect, evaluate, and organize information in ways that fulfill the journalist's responsibility to the public;
- Become the kind of web-first journalist who reports, writes, edits, and publishes on the Internet;
- Learn to present multimedia stories in new ways while maintaining traditiona journalism standards of fairness, accuracy, and quality.

## Graduation Requirements:

1. Complete the 60 hours of credit in the courses outlined.
2. Complete at least 16 hours of credit at WVU Parkersburg
3. Maintain a minimum 2.0 cumulative grade-point average.
4. Maintain a minimum 2.5 cumulative grade-point average in core required courses.
5. File an application to receive a degree at the Registrar's Office within stated deadlines.

MACHINING TECHNOLOGY
Associate in Applied Science (AAS) Degree
Employment opportunities for personnel trained as industrial machinists exist in nearly all industries whether large or small. Graduates set up and operate a variety of machine tools to produce precision parts and instruments or become precision
instrument makers who fabricate, modify, or repair mechanical tooling. Graduates may also fabricate and modify parts to make or repair machine tools or maintain industrial machines, applying knowledge of mechanics, shop mathematics, metal properties, layout, and machining procedures.

## Program Outcomes:

Students will be able to:

- Understand and uses terminology, measuring systems, hand tools, mechanical instruments, lathes, mills and measuring tools.
- Apply of sketching, pattern making, layout, and assembly of parts from sheet metal.
- Read and work to close tolerance from machine prints and drawings commonly used in the machine trades
- Program and run CNC Lathes and Milling Machines; both G Code and conversational language is used.
- Understand properties of ferrous and nonferrous metals, physical metallurgy of ferrous metals, producing iron and steel, surface treatment, alloys of special steel and classification of steels.
- Acquire bevel plate certification in all positions with the gas tungsten arc welding (GTAW) process according to the AWS Code
- Write reports, requisitions, and operational instruction.

$$
\begin{aligned}
& \text { MULTI-CRAFT TECHNOLOGY } \\
& \text { Associate in Applied Science (AAS) Degree }
\end{aligned}
$$

The Multi-Craft Technology program prepares graduates for positions as technicians that install, service, repair, and maintain equipment in today's modern industrial, commercial and/or manufacturing facilities. Students learn many aspects of maintenance activity that are required to be successful in several business sectors. Courses include preventive maintenance, system design, and troubleshooting concepts that integrate practical application and knowledge of electrical, electronic, hydraulic, and mechanical systems. Students learn technical skills in reading schematics, pneumatics/hydraulics, welding, fabrication, electricity, safety, and maintenance procedures. Educational experiences include extensive hands-on instruction in a laboratory/shop setting. This blend of theory and application helps the student to adapt to changing technology and work environments.

Graduates obtain employment in positions such as industrial maintenance technician, facility maintenance technician, electrician, maintenance supervisor, maintenance planner, or maintenance inspector. This multi-faceted program facilitates those interested in multi-craft positions; the trained technician realizes when a more highly qualified professional is required to resolve the maintenance situation.

$\square$
Associate in Applied Science (AAS) Degree
The Associate in Applied Science Degree in Nursing at West Virginia University Parkersburg is a program designed and offered through membership in the West Virginia Consortium of Associate Degree Nursing Programs (WVCADN). WVCADN is a partnership of nursing programs at five of the West Virginia Community Colleges. Eastern West Virginia Community and Technical College, Bridge Valley Community and Technical College, Southern West Virginia Community and Technical College, West Virginia Northern Community and Technical College, and West Virginia University at Parkersburg are schools within the Consortium. The Consortium shares a common concept-based integrated curriculum culminating in an Associate of Applied Science degree in nursing; shared agreements for academic standards including admission criteria, progress and graduation standards; and shared agreements for development and implementation of student procedures and guidelines as delineated in the Student Nurse Handbook

Clinical experiences are provided in a variety of healthcare settings. Completion of the nursing courses and general education degree requirements and subsequent posting of the degree provides eligibility for students to apply for licensure as registered nurses. Licensing requirements are the exclusive responsibility of the State Boards of Nursing. WVU Parkersburg's Associate Degree in Nursing is approved by the West Virginia Board of Examiners for Registered Professional Nurses and accredited by the Accreditation Commission for Education in Nursing, Inc., 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia, 30326. Phone 404.975.5000, Fax 404.975.5020, Website www.acenursing. org/.

## Program Outcomes:

Program student learning outcomes include:

## Human Flourishing

Advocate for patients and families in ways that promote their self-determination, integrity, and ongoing growth as human beings.

1. Collaborate with the patient or designee to plan and provide nursing care that respects the patient's individual values and needs.

## Nursing Judgment

Make judgments in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality care and that promote the health of patients within a family and community context.

1. Generate safe and effective patient centered care using the nursing process.
2. Incorporate effective communication strategies to reduce risk and injuries in the healthcare environment.

## Professional Identity

Implement one's role as a nurse in ways that reflect integrity, responsibility, ethical practices, and an evolving identity as a nurse committed to evidence-based practice,
caring, advocacy, and safe, quality care for diverse patients within a family and community context.

1. Create caring relationships with patients and support systems consistent with the ANA Standards of Nursing Practice and the Code of Ethics.
2. Evaluate the utilization of healthcare system resources to efficiently and effectively manage care.

## Spirit of Inquiry

Examine the evidence that underlies clinical nursing practice to challenge the status quo, question underlying assumptions, and offer new insights to improve the quality of care for patients, families, and communities.

1. Integrate current best practices to plan and implement safe and effective patient care.

Clinical nursing experiences are offered under faculty supervision at Appalachian Behavioral Health, Camden-Clark Medical Center, Charleston Area Medical Center, Marietta Memorial Hospital, Selby General Hospital, area nursing homes, and other selected community agencies.

APPLICATION TO PROGRAM. The Health Sciences programs have limited enrollment and a selective review process. Applicants requesting admission to the WV Consortium of Associate Degree Nursing Programs must first meet the requirements for general admission to the college, complete eligibility requirements to take college Math and English, and be admitted to the college.

In addition to meeting all general admission criteria for the college, students must complete a separate Health Sciences application, provide an official copy of their high school transcript and any prior college transcripts, and complete the pre-nursing admission exam.

Applicants to the Associate Degree Nursing program must be eligible to meet the requirements for licensure in the state of West Virginia as stated in West Virginia Code $\S 30-7-6$. These conditions include:

1. Be a high school graduate or equivalent.
2. Be a graduate of an accredited school of nursing.

Admission to and graduation from the nursing program does not guarantee that the West Virginia Board of Examiners for Registered Professional Nurses will endorse the graduate as a candidate to sit for the licensure examination.

The Board of Examiners for Registered Professional Nurses may deny testing to any applicant proven guilty of certain infractions such as, but not limited to, fraud, felony, or moral misconduct. (West Virginia
Code §30-7-11.)
Additionally, the applicant must be able to engage in educational and training activities in a manner that does not endanger themselves or others. Technical Standards required
for Admission, Progression, and Graduation can be found on the Health Sciences Division website.

## Requirements for admission to the Associate Degree Nursing Program*

1. High school graduate or equivalent (USA GED)
2. English proficiency
3. 2.5 GPA from high school or college courses
4. Eligible to take college English and Math
5. Pre-nursing Health Education Systems, Incorporated (HESI) A2 admission exam composite score of 75 or higher. HESI A2 composite scores must be within the last three (3) years. Pre-nursing admission exams may be completed one time per semester for a maximum of three times for consideration for admission. Further information about the exam can be found online at www.wvup.edu/healthsciences.

## Application Procedure

Applications will be accepted year round. Application forms are available in the Health Sciences Division office and online at www.wvup.edu/healthsciences.

## It is important to note that completion of the application process does not imply that the applicant will be admitted to the nursing program.

## Admission Limitations

Due to space limitations, qualified applicants are ranked according to pre-nursing admission entrance test scores, and cumulative grade point averages.

The highest ranked students who meet the admission requirements by March 15 for a fall admission or September 15 for spring admission are admitted first; other qualified applicants will be placed on a waiting list. The first day of class the waiting list is deleted Because of competition for space, it is possible qualified applicants may not be selected for admission.

## Updates to Applications

Students interested in pursuing admission in the next cycle must resubmit a completed application to the Health Sciences Division. It is the responsibility of the student to provide appropriate documentation of changes in his/her personal and/or academic record.

## CLINICAL PRACTICE REQUIREMENTS

Each student admitted into the Nursing Program must meet the requirements for participation in clinical experiences. Students are required to have a physical examination and complete required immunizations, maintain current CPR certification, submit to drug testing and background check, and adhere to HIPAA regulations and the Professional Standards/Safe Clinical Practice Standards of the Nursing Program. The requirements for participation in clinical experiences can be found online at www.wvup. edu/healthsciences.

## Technical Standards for Admission, Progression and Graduation*

## Personal Attributes and Capabilities Essential for Admission, Progression and

 Graduation of WVU Parkersburg Nursing Students:The curricula leading to a degree in Nursing from WVU at Parkersburg requires students to engage in diverse and complex experiences directed at the acquisition and practice of essential nursing skills and functions. Unique combinations of cognitive, affective, psychomotor, physical and social abilities are required to perform these functions satisfactorily. In addition to being essential to the successful completion of the requirements of a nursing degree, these skills and functions are necessary to ensure the health and safety of patients, fellow students, faculty and other health care providers.

Technical standards that describe the non-academic qualifications required in addition to academic qualifications that the college considers essential for entrance to, continuation in and graduation from its nursing degree program can be found on the Health Sciences website. Candidates for a nursing degree must be able to meet these minimum standards with or without reasonable accommodation for successful completion of degree requirements.

The WVU Parkersburg administration reserves the right to amend this documentation, upon recommendation of the Nursing Faculty Organization, without notice to insure the integrity of the program and safety of the students, college, and community at large. Even though this catalog describes courses required to complete the Associate in Applied Science degree in the Nursing Program at WVU Parkersburg, it is not prescriptive or intended to replace counsel from an academic advisor. Course availability may vary and students are strongly encouraged to consult an academic advisor concerning course sequence and degree requirements

## Graduation Requirements

1. Complete 60 credit hours as outlined in the Course of Study.
2. Maintain a minimum 2.0 cumulative grade-point average.
3. Complete all courses in the curriculum with a grade of C or better:

& \text { OCCUPATIONAL DEVELOPMENT } \\
& \text { Associate in Applied Science (AAS) Degree }
\end{aligned}
$$

The Associate in Applied Science Degree in Occupational Development is available through WVU Parkersburg. This is a statewide program involving various colleges within the West Virginia Higher Education structure and the United States Department of Labor, Bureau of Apprenticeship Training, in Charleston. There is no pre-established curriculum for this program. It is available only to persons who are already taken training in one of the state's apprenticeship programs that are approved by the Bureau of Apprenticeship Training and that have been articulated with West Virginia University at Parkersburg.

## This State approved Curriculum Guide will guide the development of the AAS

 Degree in Occupational Development at WVU Parkersburg and its Partners.
## Component I - General Education

Communication Skills
Quantitative Skills/Laboratory Science/ Experience
(at least one college-level course must be in mathematics)
General Education Electives
hours

6 hours
Subtotal
15 credit hours

## Component II - Classroom Instruction in the Occupation

450-750 Classroom/Laboratory Contact hours of Occupational Education converted to credit hours at the usual ratio of 15:1 (classroom) or 30:1 (laboratory) 40 hours maximum

## Component III - On-the-Job Training (OJT) in the Occupation

Maximum of 2,400 contact hours of on-the-job training, converted to credit hours on a ratio of 200:1, can be counted toward the A.A.S. degree. A statement of the total number of contact hours experienced on the job by the student may be placed on the college record. This credit will be recorded immediately prior to graduation from the college 12 Hours maximum

Total semester hours in A.A.S. program
Minimum / Maximum of 60 credit hours
Three (3) credit hours must be earned at WVU Parkersburg.
Organizations that have training agreements with the college:

1. American Electric Power

International Brotherhood of Electrical Workers, Local 968, Parkersburg
Millwright, Local 1755, Parkersburg
Plumbers and Steamfitters, Local 565, Parkersburg
5. Sheet Metal Workers, Local 33, Parkersburg

7. Operating Engineers, Local 132, Parkersburg
8. Plumbers and Pipefitters, Local 168, Parkersburg
9. MARCC (seven unions) - WV Carpenters, Joiners of America Training Center (JATC); Local 302-Huntington, Local 476 - Bridgeport, Local 604 -Morgantown, Local 899 - Parkersburg, Local 1159 - Point Pleasant, Local 1207 - Charleston, and Local 1911 - Beckley
10. WVU Apprenticeship for Child Development Specialist training program

Contact the Non-Traditional Programs Office for more information.

## SOLAR ENERGY TECHNOLOGY (SET)

Associate in Applied Science (AAS) Degree
Solar energy technologies are being integrated into a growing number of residential and commercial applications. In the face of current energy and environmental concerns, solar energy is gaining an increasingly important role in lessening the reliance on fossil fuels and assisting in the protection and sustainability of the environment. In the Solar Energy Technologies (SET) program, students prepare for employment in designing and installing solar electric and domestic hot water systems, as well as integrating solar technologies into existing HVAC/R and Electrical Systems.

SET students take courses in Photovoltaic (PV) Systems, Domestic Hot Water Systems, Active and Passive Solar Applications, Electricity and Electronics Fundamentals, Commercial and Residential Energy Efficiency, HVAC/R systems, and the usual requirement of physics and math. Graduates will demonstrate competencies in PV System Safety, Site Assessment, System Design Selection, Electrical and Mechanica System Adaptation, Installation of Subsystem Components, System Performance Inspection, Maintenance and Troubleshooting. Graduates will be attractive to a broad job market and may work for installation and construction contractors, HVAC/R contractors, marketing, sales, materials estimating, sizing and design.

## Program Outcomes:

In addition to all competencies gained from Residential and Commercial Electricity certificate, graduates of the SET AAS will have the ability to:

- Design and install PV systems
- Design and install solar thermal systems
- Install and test PV system components
- Perform cost analyses for system installs
- Retrofit existing electrical systems with solar
- Retrofit existing HVAC/R systems with solar.
- Be prepared for the NABCEP Certification.

The Associate in Applied Science (AAS) Degree in Surgical Technology prepares qualified individuals to work under the supervision of a surgeon to assist the safe and efficient performance of invasive surgical procedures, make certain that the operating room environment is safe, that equipment functions properly, and that the operative procedure is performed under optimal conditions that ensures patient safety. As an integral member of the surgical team, the surgical technologist works with surgeons, anesthesiologists, registered nurses, and other surgical personnel delivering patient care and assuming appropriate responsibilities before, during and after surgery.

Through a combination of classroom presentations, campus laboratory practice and clinical experiences, the student will develop a knowledge of the surgical environment, instrumentation, procedures and supplies necessary to ensure safe care of the surgical patient. The program includes courses in general and technical education. Clinical experiences are offered under faculty and mentor supervision at Camden Clark Medical Center, Marietta Memorial Health Systems, Thomas Memorial, Charleston Area Medical Centers and other selected community agencies.

The mission of the West Virginia University at Parkersburg AAS Degree in Surgical Technology is to provide students with the opportunity to develop the skills and knowledge in the cognitive, psychomotor, and affective learning domains necessary to gain employment as competent entry level surgical technologists.

## Program Outcomes:

At the completion of the program the graduate surgical technologist will be able to:
Maintain a safe environment as a surgical team member throughout the peri-operative experience by applying principles of asepsis and practicing sterile technique.
Apply basic scientific principles related to anatomy, physiology and pathophysiology when preparing for surgical procedures and providing care to the surgical patient.
Incorporate legal/ethical principles in decision-making when applying problem-solving strategies in the care of the surgical patient.
Individualize communication techniques to support interpersonal relationships with patients and surgical team members
Uphold the professional standards defined by the Association of Surgica Technologists (AST).

The Surgical Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) 1361 Park Street, Clearwater, FL, 33756

Application to Program. The Health Sciences programs have limited enrollment and a selective review process. Students requesting admission to the AAS Degree in Surgical Technology must first meet the requirements for general admission to the college, including completion of foundation requirements in English and mathematics which may include completion of support co-requisite lab courses.

In addition to meeting all general admission criteria for the college, students must complete a separate Health Sciences application and provide an official copy of their high school transcript or GED, ACT score, and any prior college transcripts.

Additionally, the applicant must be able to engage in educational and training activities in a manner that does not endanger themselves or others, be of good moral character, and have no history of felony conduct or convictions. Important: The ability to perform under pressure in stressful and emergency situations is a required attribute for surgical team members. Manual dexterity and physical stamina are essential. Many of the responsibilities of the surgical technologist require standing, often for a number of hours; therefore, the applicant must demonstrate the ability to fulfill these job requirements.

Requirements for Admission to the Associates of Applied Science in Surgical Technology Degree Program.

1. Be a high school graduate or possess a GED.
2. ACT score of 17 or higher or comparable Accuplacer score.
3. Must have a minimum 2.0 cumulative college GPA.
4. Complete the pre-admission, entrance examination with the required benchmark. Information about the exam can be found online at www.wvup.edu/ healthsciences.

Application Procedure. Applications will be accepted year round. Application forms are available in the Health Sciences Division office and online at www.wvup.edu/ healthsciences.

It is important to note that completion of the application process does not imply that the applicant will be admitted to the Surgical Technology program.

Admission Limitations. Due to space limitations, qualified applicants are ranked according to composite ACT scores, pre-admission entrance exam score, and Cumulative GPA.

The highest ranked students who meet the admission requirements by March 15 are admitted first; other qualified applicants will be placed on a waiting list. The first day of class, the waiting list is dissolved. Because of the competition for space, it is possible that qualified applicants may not be selected for admission. Students who are not accepted and wish to be considered for the following year will need to resubmit a completed application to the Health Sciences Division.

Requirements for Participation in Clinical Experiences. Each student admitted into the Surgical Technology program must meet the requirements for participation in clinical experiences. Students are required to have a physical examination and complete required immunizations, maintain current CPR certification, submit to drug testing and background check, and adhere to HIPAA regulations and the Professional Standards/ Safe Clinical Practice Standards of the Surgical Technology Program. The requirements for participation in clinical experiences can be found online at www.wvup.edu/ healthsciences.

The WVU Parkersburg administration reserves the right to amend this documentation, upon recommendation of the Health Sciences Division without notice to insure the integrity of the program and the safety of the students, college, and community at large.

As a requirement for graduation, each student must take the national certification exam given by the National Board of Surgical Technology and Surgical Assisting (NBSTSA). Students studying on a full time basis may normally expect to complete the AAS Degree in two calendar years. The course of study requires completion of the following courses with a grade of C or better and a minimum cumulative grade point average of 2.0.

Requirements for AAS Degree: 60 credit hours

## TECHNICAL STUDIES Associate in Applied Science (AAS) Degree

The Associate in Applied Science degree program in Technical Studies is for existing eligible education and training programs, the specific course of study for each program will be determined by agreements between the employer/agency program sponsor and a community and technical college responsible for the service region where the sponsor is located. For programs being developed to address a specific occupational need, the college will form an advisory committee made up of representatives of the business or industry to be served by the proposed program and representatives of the college to provide advice in the design of an appropriate program of study.

Required components in the program include general education and classroom instruction in a technical core and in the occupational area. College credit may be awarded for on-the-job training and/or supervised work based learning.

## Program Outcomes:

1. To provide for cooperatively sponsored educational opportunities leading to associate degrees for employees/students participating in quality education and training programs sponsored by business, industry, labor, or government, or other education agencies hereafter referred to as employers or agency;
2. To provide a timely and efficient mechanism for community and technical colleges to deliver educational programs in a variety of occupational fields to employers;
3. To increase the abilities of employees to use technology through the delivery of customized programs based upon documented needs effectively and responsibly;
4. To increase abilities of employees to communicate information effectively through reading, writing, speaking, and listening;
5. To develop employees' abilities to solve problems through reasoning, information,
retrieval, and productive teamwork;
6. To assist those employed in the workforce to understand that education is a lifelong process

This State approved Curriculum Guide will guide the development of the AAS Degree in Technical Studies at WVU Parkersburg and its Partners.

## Component I - General Education

at least one business or technical writing course)
Quantitative Skills/Laboratory Science/ Experience
6 hours
3 hours
(at least one college-level course must be in mathematics)
General Education Electives
Subtotal
15 credit hours

## Component II - Technical Core

Skills that may be applied to a variety of occupations such as safety or ethics or technical skills specific to the occupation.

## Component III - Technical/Occupational Specialty skills

These skills can be delivered through the college, an industry training program or an apprenticeship Courses will be converted to credit hours at the usual ratio of $15: 1$ (classroom) or $30: 1$ (laboratory) 39 hours maximum

## Component IV - On-the-Job Training (OJT) in the Occupation or Supervised Work Based Learning

Maximum of 2,400 contact hours of on-the-job training, converted to credit hours on a ratio of 200:1, can be counted toward the A.A.S. degree. A statement of the total number of contact hours experienced on the job by the student may be placed on the college record. This credit will be recorded immediately prior to graduation from the college 12 Hours maximum

Total semester hours in A.A.S. program
Minimum / Maximum of 60 credit hours
Three (3) credit hours must be earned at WVU Parkersburg.

## WELDING SKILLS TECHNOLOGY

Associate in Applied Science (AAS) Degree
Occupational opportunities for skilled certified welders are virtually limitless. Welding skills are required in pipelines which carry steam, petroleum, or natural gas; in construction and maintenance of chemical plants; and in structural work involving steel, alloys, aluminum, or other metals.

Testing Center. WVU Parkersburg is an approved testing center for the administration of licensing tests for the State of West Virginia and meets standards for the American Society for Testing Materials, American Welding Society (AWS), American Society for Mechanical Engineers Testing, the American Petroleum Institute, and American Society for Non Destructive Testing.

## Program Outcomes:

All Basic SMAW, GMAW, FCAW, and GTAW skills obtained in the Welding Technology Degree Certificate
Bevel plate certification in all positions with the SMAW according to the AWS Code Bevel plate certification in all positions with the GMAW according to the AWS Code Bevel plate certification in all positions with the GTAW according to the AWS Code Bevel plate certification in all positions with the FCAW according to the AWS Code Pipe certification utilizing GTAW according to the ASME Code.
Pipe certification utilizing GMAW according to the ASME Code.
Pipe certification utilizing FCAW according to the ASME Code.
Pipe certification utilizing SMAW according to the ASME Code.
AWS Certification Exams
For full admission to program, students must be eligible to enroll in MATH 107 and ENGL 107. Co-requisite lab support courses may be required based on scores on Accuplacer placement tests.

## Graduation Requirements:

Complete the outlined curriculum for the AAS Degree in Welding Technology.
Maintain a minimum 2.0 cumulative grade-point average for all work undertaken.
Complete at least 16 hours credit at WVU Parkersburg.
File application to receive degree at the Registrar's Office within stated deadlines. Successfully pass identified AWS certification examinations.

## ASSOCIATE IN ARTS (AA) DEGREE

The Associate in Arts Degree is designed for transfer to other colleges and universities. Students who expect to earn a Bachelor of Arts or Bachelor of Science Degree at any other institution in any of the following fields should plan to register at WVU Parkersburg for this degree.

Concentrations: Art, Education, Literature, Writing, Creative Writing, Geography, History, Journalism, Languages, Mathematics, Music, Philosophy, Political Science, Psychology, Religion, Sociology, Speech, and Theatre.

## Program Outcomes:

The Associate in Arts degree will provide students an opportunity to:

- Integrate course content, civic engagement, and workforce experiences for personal and professional development.
- Pursue programs of study that prepare them for the workplace.
- Learn in an environment that is flexible and accessible to meet students' needs

## Graduation Requirements:

1. Complete a minimum of 60 semester hours credit in courses outlined below.
2. Complete the 46 hour general education and supportive requirement curriculum outlined below.
3. Complete at least 15 hours of free elective credit in courses that are appropriate to the proposed major.
4. Complete at least 16 credit hours at WVU Parkersburg.
5. Maintain a minimum 2.0 cumulative grade point average.
6. File application to receive a degree at the Registrar's Office prior to stated deadline.

## ASSOCIATE IN SCIENCE (AS) DEGREE

The Associate in Science Degree is designed for transfer to other colleges and universities by students who seek bachelor's degrees. The Associate in Science Degree is available in Business Administration or General Studies. General Studies concentrations are in the following fields: Biology, Chemistry, Geology, Physics, or pre-professional study which may lead to study in Dentistry, Medicine, Pharmacy, Physical Therapy or Veterinary Science.

## Graduation Requirements:

1. Complete all required foundations courses in English, Reading and Mathematics.
2. Complete a minimum of 60 semester hours credit in appropriate courses.
3. Complete the AS general education curricula outlined below.
4. Complete at least 16 semester hours credit at WVU Parkersburg.
5. File application to receive a degree within stated deadline dates at Registrar's Office.
6. Maintain a minimum 2.0 cumulative grade point average.

| GENERAL EDUCATION | FOR THE ASSOCIATE IN SCIENCE (AS) |
| :---: | :---: |
| Communication |  |
| Develop appropriate competencies in: <br> - Writing <br> - Speaking <br> - Listening <br> - Reading | 9 hours required in <br> - ENGL 101 <br> - ENGL 102 <br> - COMM 111 or 112 |
| Higher Order Thinking Skills |  |

## BACCALAUREATE DEGREES

West Virginia University at Parkersburg offers the following baccalaureate degrees: a Bachelor of Applied Science with majors in Business Administration, Child Development, Criminal Justice, and Legal Studies; a Bachelor of Applied Technology, a Bachelor of Arts in Elementary Education, Bachelor of Arts in Multidisciplinary Studies, a Bachelor of Science in Business Administration, and a Regents Bachelor of Arts.

## CAREER LADDER APPROACH

Many of the baccalaureate programs have agreements and articulations in place that allow associate degree programs to be seamlessly folded into the baccalaureate programs of study. Students are encouraged to work with their advisors to determine how previous coursework may be applied to baccalaureate programs. Section 7 provides more information about career ladder programs.

## GENERAL EDUCATION IN BACCALAUREATE PROGRAMS

Each baccalaureate program has 42-45 hours of general education that aligns with the WV Core Transfer Agreement for general education. General education is designed as a series of courses that provide academic experiences in composition, mathematics, natural sciences, social sciences, and the fine arts. Students should carefully review the general education requirements for their program of study.

## THE ROLE OF ELECTIVES IN BACCALAUREATE DEGREE PROGRAMS

Some programs of study include elective hours. At WVU Parkersburg, three types of electives are used in degree programs. These include the following:

- GENERAL EDUCATION ELECTIVES: These are electives that must be selected from the approved categories of general education courses at both the associate and baccalaureate levels.
- FREE ELECTIVES: These are electives that are "freely" chosen from any discipline to meet the graduation hour requirements at the 100-level or above. These courses are not targeted or named specifically.
- TARGETED ELECTIVES: These are electives that must be selected within a certain discipline (ie. Business, Mathematics, etc.) These are usually determined/ decided by the program or degree the student is seeking and are thus "targeted" for a specific reason/cause.

## BUSINESS ADMINISTRATION

$$
\begin{aligned}
& \text { Bachelor of Applied Science with a major in Business Administration BASBA with concentrations in } \\
& \text { Business Information Technology, Financial Management, Management/Marketing, Broadcasting, } \\
& \text { and Public Relations }
\end{aligned}
$$

West Virginia University at Parkersburg's Bachelor of Applied Science degree program prepares students to move into a business career with an established company, start their own business, enter a graduate program, advance within a business or improve the effectiveness of their own business skills, begin a new or redirect to a different career path, and in some cases work toward satisfying the requirements for licensure or certification.

The degree meets the needs of students from the community who wish to enhance their career options. Students with an Associate in Applied Science degree will transfer the appropriate course work toward this degree program.

## Program Objectives:

- Students will be able to communicate effectively and professionally both orally and in writing within the context of the business world.
- Students will demonstrate competence in the use of electronic tools to research, manage, and present information.
- Students will use quantitative and qualitative strategies to support organizational decision making.
- Students will demonstrate the ability to solve problems using programmed and non-programmed decision techniques using logical reasoning for evaluating information and data.
- Students will demonstrate the ability to work ethically, effectively, and respectively with people of diverse backgrounds and with people who have different roles, social affiliations, and personalities.

## Admission to BASBA Degree Program

Admission to the Bachelor of Applied Science with a major in Business Administration degree may be achieved by fulfilling the following steps:

1. Meet all of the General Admission or Transfer Admission requirements to West Virginia University at Parkersburg.
2. Earn an Associate degree from an accredited college or university. (Provisional admission may be granted under certain circumstances).
3. Maintain a minimum grade point average for all courses transferred to or completed at West Virginia University at Parkersburg.

Application for admission to the BASBA degree is available in the Office of the Division of Business and Economics, and should be filed during the semester in which the applicant will complete the Associate Degree.

## Transfer of Credits

Students may transfer credits from college-level courses completed at other institutions subject to the following conditions:

1. All BASBA degree program students must complete at least 32 hours of credits in residency at WVU at Parkersburg, regardless of the number of course credits transferred.
2. Students with approved transfer credits must complete at least 39 credit hours of upper division business courses (numbered 300 and above), including all required major concentration courses. No credit will be awarded toward senior-level courses completed at a two-year institution.
3. Lower-level division credits that are now upper-division credits that were completed at Parkersburg Community College (PCC) prior to the Fall 1991 semester will not be accepted for upper-level credit.

## Graduation Requirements - BASBA Degree

1. Complete 120 credit hours in courses outlined for the Bachelor of Applied Science with a major in Business Administration Degree in any of the five concentrations: Broadcasting, Business Information Technology, Financial Management, Management/Marketing or Public Relations.
2. Maintain an overall grade-point average of 2.0 or higher in all general education courses and supportive courses required for the degree.
3. Maintain minimum grade-point average of 2.25 overall in all courses included in the Common Professional Component (CPC).
4. Maintain minimum grade point average of 2.5 in all courses included in area of concentration.
5. Complete a minimum of 32 credit hours at WVU Parkersburg, 24 of which must be upper division (numbered 300 and above) targeted business courses.
6. Students pursuing both the BASBA and BSBA degrees must complete all course requirements for each degree to be eligible to earn a second bachelor's degree.
7. Complete application for graduation, pay graduation fee, and file application at Registrar's Office prior to stated deadline.

## STUDENT ADVISING

Prospective freshman business students and business students who transfer from other colleges should contact the Business \& Economics Division at WVU Parkersburg for advice on business programs and degree requirements. Transfer and returning students must request a transcript analysis from the Administrative Associate in the Business \& Economics Division. When students have completed all foundation courses, they are assigned to an advisor in the Division of Business \& Economics. If students encounter difficulty in scheduling, confusion about course sequences, or concerns about relevancy in the program of instruction, they are encouraged to visit their advisors immediately.

## Bachelor of Applied Science Child Development

The Bachelor of Applied Science with an Emphasis in Child Development provides preparation for those interested in working in childcare, Head Start, resource and referral, birth to three, or as a paraprofessional. The BAS with an Emphasis in Child Development does not lead to teacher certification. Students interested in working in a public school as a preschool teacher should pursue the Elementary Education degree with an Early Education Pre K-K Endorsement.

Career Ladder: The Bachelor of Applied Science with an Emphasis in Child Development builds upon the Certificate in Child Development and the Associate in Applied Science Child Development degree.

Students may receive credit hours for completion of the ACDS (Associate Child Development Specialist) program or a valid current CDA credential. Credit is determined based on review of student records by Certification Analyst.

## Requirements for Admission and Retention

1. Student must hold at least a 2.0 grade point average (GPA).
2. Complete all program (CDEV and EDUC) coursework with a C or better.
3. Student must fulfill the following requirements in accordance with the Admission to the BAS with an emphasis in Child Development Policy. A file for each Child Development student will be maintained in the Education Office with all required documentation. When items are missing or need to be updated, the student must submit them by a date designated in a letter to the student in accordance with the Admission Policy. Failure to resolve issues by the deadline will result in removal from the program.
a. Fingerprints for BCl if he/ she is a resident of WV and has not lived outside of the state after the age of 18. If, he/ she is an out-of-state resident or has lived outside of the state after the age of 18, he/ she needs an FBI check (fees may be associated with this process).
b. A statement of criminal record must be completed and returned. Must be updated every 2 years.
c. Medical Form. Must be updated every 2 years.
d. A negative result of TB test must be on file. Must be updated annually.
e. Authorization and Release for Protective Services Record Check form must be completed and returned with no findings of maltreatment. Form \# BCF-PSRC 6/2005. Forms may be obtained in the Education \& Humanities Office.
f. Must hold a current Food Handlers Card. (Must be updated every 2 years)
g. Copy of High School Diploma or GED must be on file.
h. Student must sign a confidentiality form.
i. The student must pass all required background checks and receive a "no conviction statement" from the Department of Health and Human Resources; waivers will not be granted. Student must also have no substantiated claims against them through Child Protective Services.
. Completion of the Wood County Board of Education background check.
4. Files containing the above materials will be reviewed by the Child

Development Department regularly. Failure to maintain a complete file at any time after admission will result in removal from Admitted status.
5. Student must uphold the NAEYC Code of Ethical Conduct http://www.naeyc. org/store/files/store/TOC/118.pdf. Failure to adhere to the code may result in dismissal from the program.
6. Student must take the Parapro, a standardized test of skills for paraprofessionals. http://www.ets.org/parapro

*Field experience required
and no domestic violence convictions that would prohibit you from possessing a firearm. The criminal history check will be conducted at entrance to the program and again before entering into the internship course. A waiver to the background check may be granted for students actively serving as a law enforcement officer or as a correctional officer based on a letter from their department's supervisor stating their criminal background meets the standards of the Criminal Justice Program. Criminal history check or waiver letter needs to be within 60 days of admissions to the program.
3. Students must demonstrate behavior consistent with the Criminal Justice Program Code of Ethics and agree to abide to the student code of conduct. Failure to adhere to the code may result in dismissal from the program.
4. Students will take a major field test in CJ111, in CJ 291, and in CJ 460.

## ADMINISTRATION OF JUSTICE CONCENTRATION COURSE WORK

This option focuses on development of knowledge and understanding of practices, theories, and concepts of justice administration. The Administration of Justice Degree option is designed for students interested in entry-level positions, those already working in the criminal justice field who want to advance their career, and student who wish to attend graduate or law school.

## TECHNOLOGY <br> Bachelor of Applied Technology

The Bachelor of Applied Technology (BAT) offers an exciting opportunity to pursue a career as a manager/executive or engineering technician of complex technological systems. This area is identified as the largest growing occupation in the next five years. The degree completes a $2+2$ educational process. In the first two years, students complete an applicable Associate in Applied Science degree. The last two years is the Bachelor of Applied Technology. Students seeking this degree may select a major in Management, Software Engineering Information Security and/or Network Engineering.

## Program Outcomes:

All technical competencies gained in specialized A.A.S.
Research methods and laboratory practices.
Ability to write papers based on analysis, synthesis, and conclusion from research sources
Word processing, spreadsheeting and database processing.
Advanced knowledge and applications of programming, database design, system
analysis, network design, software design, encryption and algorithms. (Software Engineering Major)
Advanced knowledge and application of security policies, practices, cryptology, threat assessment, identity security, intrusion detection, firewalls, VPN, Linux, Novell, and MAC OS (Information Security Major)
Advanced knowledge and application of CISCO (Levels 5-8), MCP (Levels 4-7), routing, WANs, Virtual infrastructures, Linux, MS-SQ (Network Engineering)
Advanced knowledge and application of project design and management, ethics, accounting, managerial techniques, engineering economics, safety and environmental policies and practices. (Management Major)

Admission Requirements. To qualify for admission into the Bachelor of Applied Technology degree program, students must:

- Meet all of the General Admission or Transfer Admissions requirements to West Virginia University at Parkersburg.
- Satisfactorily complete all developmental courses, or demonstrate satisfactory results on approved college placement tests.
- Complete an associate-level degree in the following:
- For a major in Network Engineering or Information Security-Complete the Associate in Applied Science in Computer and Information Technology (or equivalent degree).
- For a major in Software Engineering Major-Complete the Associate in Science in Computer Science (or an equivalent degree).
- For a major in Management and Technology Tracks-Complete an Associate in Applied Science degree in a STEM Division field or an AAS degree in Occupational Development or Technical Studies; or an equivalent degree.
- Maintain a minimum 2.0 grade point average on a 4.0 scale for all courses transferred to or taken at West Virginia University at Parkersburg.

GENERAL EDUCATION REQUIREMENT BAT DEGREE

| General Education Competencies |  |
| :---: | :---: |
| Communication: 9 hours required |  |
| Develop appropriate competencies in: <br> - Writing <br> - Speaking <br> - Listening <br> - Reading | Required courses: <br> - ENGL 101 <br> - ENGL 102 <br> - COMM 111 <br> - Electives: ENGL 107, 108, any COMM |

## Bachelor of Arts in Elementary Education

The Bachelor of Arts degree in Elementary Education at WVU Parkersburg is approved by the West Virginia Department of Education. The professional education unit is accredited by the National Council for Accreditation of Teacher Education, approved by the West Virginia Department of Education, and is affiliated with the American Association for Colleges of Teacher Education, the National Association of Community College Teacher Preparation Programs, and the National Professional Development School Association. The professional education unit emphasizes 21st Century Learning Skills adopted by the West Virginia Department of Education.

Program objectives. The curriculum for the teacher education program at WVU Parkersburg is a product of the cooperative efforts of faculty, students and practitioners. The teacher education program at WVU Parkersburg has been designed to meet these purposes:

1. To help students develop appropriate planning skills.
2. To help students become effective teachers.
3. To assist students in the development of interpersonal skills.
4. To help students become capable decision makers.
5. To foster in students a sense of commitment to their students, their discipline and their profession.
6. To help students understand the many faces of diversity including developmental, linguistic, cultural, racial, ethnic, and gender which affect learning and teaching.

Pre-Education Status. Students seeking admission to the Bachelor of Arts in Elementary Education Degree program may declare an intention to enter the program by indicating "BA/Education" as a degree objective on the college's Application for Admission Form. Students who decide to change from another declared major to the baccalaureate degree in elementary education will need to make that change at the Records Office. Pre-Education status does not imply full admission to program, however, or candidacy for earning the degree.

Transfer and Returning Students. It is important that education-related coursework be current. For students transferring or returning to school, coursework in education, instructional strategies, and human growth and development must be current. Current coursework is defined as successful completion of a course within the past 10 years. Transfer and returning students must request a transcript analysis from the Certification Analyst.

Full Admission to Program. Students must apply for full admission to program. Applications are due by March 31 for fall admission and October 31 for spring admission. Application forms are available in the office of the Education and Humanities Division, and the following requirements must be met:

1. Complete at least 58 hours of credit in approved courses. (This does not include any credit in developmental courses.)
2. Maintain a minimum 3.0 grade point average (GPA) computed on all coursework, all work attempted in the teaching field, and in professional education, with no grade below a "C" in any required course.
3. Complete EDUC 100, 200 and 300 with a grade of " $C$ " or better. EDUC 300 is to be taken the semester in which the student applies for admission to program.
4. Pass, at an acceptable level, all portions of the Core Academic Skills for Educators Test.
5. Meet computer competencies by achieving a grade of "C" or better in CS 108, Educational Technology. Meet speech and listening competencies by achieving a grade of "C" or better in COMM 111, Fundamentals of Speech. Pass, with a grade of "C" or better, ENGL 101, ENGL 102 and PSYC 241.
6. Successful completion of MATH 100 (with a grade of "C" or better) or placement into Math 121 or higher is required for admission to program.
7. Students who complete the equivalent of EDUC 100, EDUC 200 and/or EDUC 300 at another institution must document the satisfactory completion of required field experiences and complete service learning requirements.
8. Students must complete a minimum of 75 hours of Service Learning.
9. Students must submit a formal letter of application for admission along with an electronic admission portfolio as outlined in the Teacher Education Handbook.
10. Students must submit an electronic portfolio for review by the Teacher Education Review Panel.
11. Students must be recommended for admission by the Teacher Education Review Panel.
12. Students must show proof of negative TB testing.
13. Students must show proof of cleared criminal background check conducted within 60 days prior to application submission.
14. Students must have proof of high school graduation/GED.

In admitting a student to the program, the Education Division is not promising that the individual will be allowed to remain in the program or that the student will be able to successfully complete the program or be granted a degree. In addition, in admitting a student the Education Division is not promising that the State of West Virginia will grant the student a certificate. The decision to grant or award a certificate is within the sole discretion of the West Virginia Department of Education.

Service Learning. Students in the Teacher Education Program must complete a Service Learning requirement. Service Learning requirements are outlined in the Teacher Education Handbook.

Core Academic Skills for Educators Test. All students seeking the Bachelor of Arts in Elementary Education Degree must pass all sections of the Core Academic Skills for Educators Test (CORE) before being officially admitted to program. The test is in three sections: reading, writing, and mathematics. This test is computer-delivered.

Registration and test center information is available at www.ets.org/praxis. Satisfactory completion of the test is mandated by the West Virginia Department of Education, and portions of the test not passed on first taking may be repeated. There is a fee for taking this test. Under certain circumstances, students may be exempt from this requirement. Students should check with the Education Division before taking the test.

Test Preparation and Remediation. Tests at a Glance are available for each section of the CORE test at www.ets.org/praxis. Tutoring is available for all areas covered on the test at the Student Success Center.

Retention Requirements. Students admitted to the Teacher Education program must maintain an overall 3.0 GPA, a 3.0 GPA in the teaching field, a 3.0 GPA in area of specialization and a 3.0 GPA in professional education, with no grade below "C" in all work completed. Students must also demonstrate professional behavior consistent with the unit's conceptual framework and technical standards. Students are responsible for requesting an 80 -hour evaluation of their progress in the program at the appropriate time.

Students who fail to meet retention requirements will be removed from the program for one full semester not counting summer terms. A student removed from the program under these circumstances may apply for readmission to the program through a formal letter to the Teacher Education Review Panel. A letter requesting readmission must address the failure to meet retention requirements and how the deficiency(ies) will be remedied within one semester if readmission is granted. Students granted readmission to the program must be in full compliance with retention requirements within one semester of readmission and must continue to meet retention requirements or be permanently removed from the program.

## Admission and Retention in Teacher Education/Technical Standards.

In addition to the academic standards required for admission and retention in teacher education, technical standards must also be met. Technical standards as distinguished from academic standards refer to those physical, cognitive and behavioral abilities required for satisfactory completion of all aspects of the elementary education certification program and the development of professional dispositions required of all candidates at graduation. The essential abilities required by the program are in the areas of communication, professional commitment, and intellectual, behavioral and social aspects of teacher performance. These areas grow from the unit's conceptual framework.

The candidate must have the ability to master, assimilate and apply complex information in the form of lectures, small group work, written materials, and field experience. The student must be able to reason and make decisions appropriate for a classroom teacher at a level determined by the faculty. The candidate must be able to communicate effectively in written and oral English in order to communicate concepts, assignments, evaluations, and expectations with members of the learning community such as faculty, students, parents, administration and other staff. The candidate must be able to develop
listening skills to understand different perspectives represented in diverse classrooms. Appropriate communication skills will also be essential to the candidate's ability to seek assistance and follow supervision in a timely manner and to work collaboratively with peers, supervisors and other professionals.

The candidate must have emotional stability required to maximize utilization of intellectual abilities. Candidates must be able to work calmly and demonstrate flexibility under stress, work under time constraints, concentrate in distracting situations, make subjective judgments, ensure safety in emergencies and accept constructive review of their work from supervisors.

The candidate must have the physical stamina to work a teacher's contracted day and perform extended and additional duties of a classroom teacher such as parent conferences, open houses and other assigned duties.

The candidate must be able to organize time and materials, to prioritize tasks, to perform several tasks at once, and to adapt to changing situations.

The candidate must possess attitudes of integrity, responsibility, confidentiality, and tolerance. Candidates must show respect for self and others, and project an image of professionalism.

The candidate must satisfactorily complete all required courses in the program at the level deemed appropriate by the faculty. These technical standards identify the requirements for admission, retention and graduation of candidates.

Criminal Background Investigation. According to the West Virginia Code 18A-310, beginning January 1, 2002, any applicant for an initial license by the West Virginia Department of Education shall be fingerprinted in accordance with state board policy in order to determine the applicant's suitability for licensure. The fingerprints shall be analyzed by the state police for a state criminal history record check through the central abuse registry and then forwarded to the Federal Bureau of Investigation for a national criminal history record check. Information contained in either the central abuse registry record or the Federal Bureau of Investigation record may form the basis for the denial of a certificate for just cause. The applicant for initial certification pays for the cost of obtaining the central abuse registry record and the Federal Bureau of Investigation record.

All candidates will be required to show proof of a cleared background check before the field experience in EDUC 100, before Admission to the Program, and before Admission to Student Teaching.

1. Student Teaching. During the final semester of the senior year, all teacher candidates must enroll in Student Teaching. The following requirements must be met:
An Application for Admission to Student Teaching must be filed with the Chair of
the Education and Humanities Division by March 31 to participate in the following Fall Semester or by October 31 to participate in the following Spring Semester. Application forms are available in the office of the Education Department.
2. Admission to Student Teaching is governed by the following requirements:
a. Completion of all general education courses.
b. Minimum overall GPA of 3.0 and no grade below a " C " in all work attempted.
c. Completion of all professional education courses with a minimum GPA of 3.0. A grade of "C" or better is required in each professional education course.
d. Completion of all instructional strategies courses with a minimum GPA of 3.0. A grade of "C" or better is required in each instructional strategies course.
e. Completion of all specialization courses with a minimum GPA of 3.0. A grade of " $C$ " or better is required in each specialization course.
f. EDUC 401 is to be taken the semester in which the student applies for admission to student teaching.
g. Passing scores on all state required Praxis II exams and specialty area exams as needed.
h. Submission of a formal letter of application for admission along with the electronic portfolio.
i. Submission of a formal letter of application for admission along with the electronic curriculum portfolio for review by the Teacher Education Review Panel.
j. Adherence to WVU Parkersburg Code of Student Conduct.
k. Completion of 25 hours of professional development with verification on file in the Education Division. These hours must be completed after admission to program.
I. Recommendation for admission by the Teacher Education Review Panel.
m . Proof of negative TB testing.
n. Issuance of a West Virginia department of Education student teaching permit.
o. Completion of Zaner-Bloser Manuscript and Cursive Handwriting Course with certificates on file in the Education Division.

Student teacher practicum for students pursuing additional certifications will be determined on an individual basis. Maximum placement will be eight weeks.

Graduation/Certification Requirements. To be eligible to earn the Bachelor of Arts in Elementary Education, students must:

1. Comply with the general regulations of WVU Parkersburg concerning entrance, full admission to program, classification, examination, grades, grade point average, etc.
2. Satisfy the following requirements:
a. Complete at least 16 of the last 32 hours before graduation, including EDUC 401, in residence. A request for an exemption from this requirement must be made in writing to the Chair of Education and Humanities and must be accompanied by appropriate recommendations and documentation from the transfer institution.
b. Complete a minimum of 124 semester hours of approved college credit with an overall GPA of 3.0. At least 45 credit hours of the 124 must be in upper division courses (numbered 300 and above).
c. Complete an approved program in teacher education. Passing the licensure exam scores are established by the West Virginia Department of Education.
d. Successfully complete a supervised student teaching experience at each programmatic level for which certification is being sought. Teaching skills will be assessed to verify that they are satisfactorily demonstrated prior to exit from student teaching.
e. Be at least 18 years of age, and be intellectually, emotionally, physically and otherwise qualified to perform the duties of a teacher.
f. File a timely application for graduation with the Registrar's Office.

General Requirements for Professional Certification. To teach in the public schools of West Virginia, a candidate must hold a Professional Certificate issued by the West Virginia Department of Education. The individual candidate must apply for such certification. To be eligible to receive a Professional Certificate, the applicant must meet the following requirements:

1. Meet minimum state requirements for certification.
2. Meet requirements for the Bachelor of Arts in Elementary Education Degree at West Virginia University at Parkersburg
3. Complete at least 45 semester hours credit in upper-division courses. Have achieved a grade-point average of at least 3.0:
a. On total college credit earned.
b. On hours earned in professional education courses.
c. In each subject specialization.
4. Meet state requirements on the Core Academic Skills for Educators tests and requirements for the PRAXIS II exams in the area(s) for which certification is sought.
5. Comply with the West Virginia Board of Education regulations for teacher certification.
6. Complete a criminal background investigation.
7. Be recommended for certification by the Chair of Education and Humanities.
8. Hold citizenship in the United States of America or have filed a declaration of intent to become a United States citizen.
9. Successfully complete federal and state background screening.

BAEE General Education Requirements Available at Jackson County Center. Students may complete all general education requirements for the Bachelor of Arts degree in Elementary Education at WVU Parkersburg's Jackson County Center. Introductory courses in professional education (EDUC 100 and 200) may also be completed at that location. All upper division courses in professional education and instructional strategies (those numbered 300 and above) must be taken at the Parkersburg campus.

Advising/Transfer. Students seeking the Bachelor of Arts in Elementary Education will be assigned to an academic adviser. It is essential that students meet regularly with their adviser in the Education Department to plan their academic program. The Education Department maintains articulation agreements with many state and regional institutions. Students planning to transfer to a program in teacher education at another institution should inquire about the existence of an articulation agreement with the transfer institution. The student's adviser and the catalog of the transfer institution should be carefully consulted when a transfer is anticipated. Students planning to transfer to another institution are responsible for meeting the requirements of that institution.

ORGANIZATIONS OF SPECIAL INTEREST

## Kappa Delta Pi

Kappa Delta Pi is an international honorary society in education. Those eligible for initiation into the society are Education majors who have been admitted to the Professional Education program and who maintain a 3.0 grade point average. The WVU Parkersburg Sigma Omega Chapter holds yearly initiations.

## Teacher Education Scholarships

Underwood-Smith Teacher Scholarship Program
This program is designed to encourage and enable individuals who are outstanding students to pursue teaching careers. The Underwood-Smith Teacher Scholarship Program is a state funded program. The scholarship, which cannot exceed $\$ 5,000$ per academic year, is awarded on the basis of outstanding academic qualifications and interest in teaching. The recipients of the Underwood-Smith Teacher Scholarship are required to meet their teaching commitment in West Virginia's public school system. Recipients who do not fulfill the teaching obligation will be required to repay the
scholarship plus substantial interest. Contact WVU Parkersburg's Education Department or the Financial Aid Office for additional information.

## BACHELOR OF ARTS

The Bachelor of Arts (B.A.) degree in multidisciplinary studies provides a rigorous academic program with a strong foundation in the arts and sciences. The program provides preparation for graduate or professional degrees beyond the college's other specialized and primarily professional/career focused, bachelor's degree programs. This degree program is comprised of three related minor areas of study and culminates with a senior project that combines these three disciplines. The program does not limit students or courses of study to a particular major or division, but emphasizes multidisciplinary/cross-disciplinary studies. The program's flexibility, appropriate breadth and depth in the chosen areas of study, and focus on developing an understanding of the nature of cross-disciplinary investigation constitute its most salient features. Each student selects three minor areas for study and then must demonstrate how these areas contribute to their educational or career goals. Multidisciplinary studies students complete a senior project during their final semester as a means to incorporate all three disciplines. Minors currently available include: Biology, Business, Chemistry, Communication, Fine Arts (Art, Music, or Theatre), History, Literature, Psychology, and Sociology.

The bachelor of arts degree in multidisciplinary studies:

1. Provides a pathway for students who plan to earn a masters or professional degree in areas of health science (medicine, physician assistant, dentistry, pharmacy, physical therapy, etc.), human services (counseling, psychology, social work), theology/divinity, law, or attend graduate school in the arts, humanities, natural sciences, or social sciences.
2. Provides an opportunity for students to study three disciplines and to investigate the interrelationships among them.
3. Provides a rigorous Bachelor of Arts degree for students who wish to earn a bachelor's degree but do not have a clear career path.

0 hours

Multidisciplinary studies students must

1. Earn 121 credit hours as listed in the curriculum above. At least 60 credit hours must be 200-level or above, and of the 60 hours, at least 30 hours must be 300 or 400 level.
2. Earn 18 credit hours in each of three minors as specified below.
3. Earn a grade of C or better in all coursework for each minor.
4. Complete a senior project (MDS 492) with a grade of $C$ or better.
5. Achieve a cumulative grade point average of at least 2.0.

## REQUIREMENTS FOR ADMISSION

1. Students must apply for formal admission to the Multidisciplinary Studies degree program.
2. New students should begin their college studies in the Associate in Arts degree program.
3. Students must have completed at least 30 credit hours in the MDS General Education curriculum with a 2.0 cumulative grade point average before they apply.
4. A formal application for admission must be submitted to the Multidisciplinary Studies program office. The application includes a Letter of Intent that identifies the student's three proposed minors and explains how the student will combine these disciplines to achieve their educational or career goals.

## MULTIDISCIPLINARY STUDIES CURRICULUM

## GENERAL EDUCATION (31 credit hours)

Communications: 9 hours
English 101
English 102
Communications 111 or 112

Higher Order Thinking: 3 hours
Mathematics 121 or any higher numbered Mathematics course
Scientific Inquiry: 4 hours selected from
Astronomy 106
Biology 101/103, 102/104
Chemistry 111, 112, 115, 116
Geology 101/102, 103/104
Physics 101, 102, 111, 112
Physical Science 111, 112
Historical and Diverse Perspectives: 9 hours selected from
3 hours selected from Psychology, Sociology, Philosophy, or Religion
3 hours selected from History, Geography, Political Science, or Economics
3 hours selected from any of the above

## Aesthetic Awareness: 6 hours selected from

3 hours selected from English 131, 132, 221, 222, 241, 242, 261, 262
3 hours selected from Art 101, Music 170, Theatre 101

## PROGRAM REQUIREMENTS IN ARTS AND SCIENCES (13 credit hours)

Laboratory Science - 4 additional hours selected from Scientific Inquiry above
Historical and Diverse Perspectives - 3 additional hours selected from above
Literature - 3 additional hours selected from English 131, 132, 221, 222, 241, 242, 261, 262
Fine Arts - 3 additional hours selected from Art 101, Music 170, Theatre 101

## SENIOR PROJECT: MDS 492 (3 credit hours)

All Multidisciplinary Studies students will enroll in and complete MDS 492: Senior Project during the final semester of their degree program. The senior project will combine the student's three minors. The project may take a variety of formats: formal research paper, scientific laboratory research, internship or cooperative education experience, social science research, or creative project. Students should discuss project ideas with a faculty member in each of their minor fields and with the MDS program advisor. Students will submit a senior project proposal to the MDS program advisor by September 15 for spring semester senior projects and February 15 for fall semester senior projects.

## ELECTIVES ( 20 credit hours)

Electives in the Multidisciplinary Studies program are for students to:

1. Take additional courses in one or more of their minors
2. Take a four semester sequence in a Foreign Language or Mathematics since minors are not available in these disciplines
3. Take courses in other fields to support their senior project
4. Take courses for personal interest

Students should select electives in consultation with their academic advisor.
MINORS (18 credit hours each)
Multidisciplinary Studies students select three minors and complete all courses for each listed below:

## BIOLOGY MINOR

Courses to be completed from General Education:
BIOL 101: General Biology 1 (3 hours)
BIOL 103: General Biology 1 Lab (1 hour)
BIOL 102: General Biology 2 (3 hours)
BIOL 104: General Biology 2 Lab (1 hour)

## Two Courses from the following: 8 hours

BIOL 200: Microbiology (4 hours)
BIOL 211: Zoology: Animals as Organisms (4 hours)
BIOL 212: Botany: Plants as Organisms (4 hours)

## Biology courses at the $\mathbf{3 0 0}$ or $\mathbf{4 0 0}$ level: 10 hours

 BIOL 371: Principles of Genetics (4 hours)BIOL 436: General Animal Physiology (3 hours)
BIOL 461: Principles of Evolution (3 hours)

## BUSINESS MINOR

## Courses to be completed in General Education:

ECON 201: Microeconomics (3 hours)
ECON 202: Macroeconomics (3 hours)

## Required Courses: 18 hours

ACCT 201: Principles of Accounting 1 (3 hours) ACCT 202: Principles of Accounting 2 (3 hours) FIN 340: Principles of Business Finance (3 hours) GBUS 101: Introduction to Business (3 hours) MGMT 220: Principles of Management (3 hours) MKTG 230: Principles of Marketing (3 hours)

## CHEMISTRY MINOR

Courses to be completed in General Education:
CHEM 115: Fundamentals of Chemistry 1 (4 hours) CHEM: 116: Fundamentals of Chemistry 2 (4 hours)

## Required courses: 8 hours

CHEM 233: Organic Chemistry 1 (3 hours)
CHEM 235: Organic Chemistry 1 Lab (1 hour)
CHEM 234: Organic Chemistry 2 (3 hours)
CHEM 236: Organic Chemistry 2 Lab (1 hour)
CHEM 410: Biochemistry (3 hours)
CHEM 412: Biochemistry Lab (1 hour)
Chemistry courses at the $\mathbf{3 0 0}$ or 400 level: $\mathbf{6}$ hours (courses currently being developed)

## COMMUNICATION MINOR

Courses to be completed in General Education: COMM 111: Fundamentals of Speech (3 hours) COMM 112: Interpersonal Communication (3 hours)

## Required Courses: 18 hours

COMM 303: Business and Professional Communication (3 hours)
COMM 304: Human Communication and Rational Decisions (3 hours)
COMM 306: Human Communication in Organizations/Institutions (3 hours)
COMM 308: Nonverbal Communication (3 hours)
COMM 316: Intercultural Communication (3 hours)
COMM 404: Persuasion - Theory and Research (3 hours)

## FINE ARTS MINOR

## Courses to be completed in General Education:

ART 101: Art Appreciation (3 hours)
MUSI 170: Music Appreciation (3 hours)
THEA 101: Theatre Appreciation (3hours)

## Select ONE of the following (Art, Music, or Theatre): 15 hours

ART 111: Drawing 1 (3 hours)
ART 240 Ceramics 1 (3 hours)
One of the following: ART 112: Drawing 2, ART 241: Ceramics 2, OR ART 213: Painting 1 (3hours)
Upper Level Studio Art (3 hours)
ART 360: Contemporary Art History (3 hours)
MUSIC:
MUSIC 121: Music Theory 1 (4 hours)
MUSIC 122: Music Theory 2 (4 hours)
MUSIC 171-190: Applied Music (1 hour)
Upper Level Applied Music (3 hours)
MUSIC 311: American Music (3 hours)

## THEATRE:

THEA 102: Acting 1 (3 hours)
THEA 131: Technical Theatre (3 hours)
Theatre elective (3 hours)
THEA 302: Directing OR THEA 404: Playwriting (3 hours)
Topics in Theatre History (3 hours)
ALL FINE ARTS MINORS: MDS 460: Fine Arts Seminar - 3 hours HISTORY MINOR

Courses to be completed in General Education: 6 hours selected from HIST 101: Western Civilization through the Reformation (3 hours)
HIST 102: Western Civilization from the Reformation (3 hours)
HIST 152: US History through the Civil War (3 hours)
HIST 153: US History from the Reformation (3 hours)

## Required Courses: 18 hours selected from

HIST 302: History of American Indians (3 hours)
HIST 306: Colonial America, 1607-1763 (3 hours)
HIST 310: African-American History (3 hours)

SOC 362: Sociology of Aging (3 hours)
SOC 390: World Culture through Film (3 hours)
SOC 405: Introduction to Social Inequality (3 hours)

## BUSINESS AND ECONOMICS

Bachelor of Science in Business Administration (BSBA)
Objectives. The Bachelor of Science degree in Business Administration is designed to prepare students in the fundamentals, principles, techniques, and skills essential to the theory and practice of business. The program also develops students' communication and analytical skills essential to careers in today's business environment. Students are taught by qualified fulltime faculty of the Division of Business \& Economics, many with experience in business, government, consulting and not-for-profit organizations, and by adjunct faculty who are current practitioners in business. All business programs are accredited by the Accreditation Council of Business Schools and Programs (ACBSP).

## Admission to BSBA Degree Program:

Admission to the Bachelor of Science with a major in Business Administration Degree may be achieved by fulfilling the following requirements:

1. Meet all the General Admissions or Transfer Admissions requirements to West Virginia University at Parkersburg.
2. Earn an Associate Degree from an accredited college or university. (Provisional admission may be granted in certain circumstances).
3. Maintain a minimum 2.0 grade point average, on a 4.0 scale, for all courses transferred to or completed at West Virginia University Parkersburg.

Application for admission to the BSBA degree is available in the Office of the Division of Business \& Economics and should be filed during the semester in which the applicant will complete the Associate Degree.

Transfer of Credits. Students may transfer credits from college-level courses completed at other institutions subject to the following conditions:

1. All BSBA degree program students must complete at least 32 hours of credits in residency at WVU Parkersburg, regardless of the number of course credits transferred.
2. Students with approved transfer credits must complete at least 45 credit hours of upper division business courses (numbered 300 and above), including all required major concentration courses. No credit will be awarded toward senior-level courses completed at a two-year institution.
3. Lower-level division credits that are now upper-division credits that were completed at Parkersburg Community College (PCC) prior to the Fall1991 semester will not be accepted for upper-level credit.

## Graduation Requirements BSBA Degree

1. Complete 120 credit hours in courses outlined for the Bachelor of Science in Business Administration Degree in any of the two program options: Accounting or General Business.
2. Maintain overall grade point average of 2.0 or higher in all general education courses and supportive courses required for the degree.
3. Maintain minimum grade point average of 2.25 overall in all courses included in the Common Professional Component (CPC).
4. Maintain minimum grade point average of 2.5 overall in all courses included in area of concentration.
5. Complete a minimum of 32 credit hours at WVU Parkersburg, 24 of which must be upper division (numbered 300 and above) targeted business courses.
6. Complete application for graduation, pay the graduation fee, and file application at Registrar's Office prior to stated deadline.

Student Advising. Prospective freshman business students and business students who transfer from other colleges should contact the Business \& Economics Division at WVU at Parkersburg for advice on business programs and degree requirements. Transfer and returning students must request a transcript analysis from the Administrative Associate in the Business \& Economics Division. When students have completed all developmental courses, they are assigned to an adviser in the Division of Business \& Economics. If students encounter difficulty in scheduling, confusion about courses sequences, concerns about relevancy in the program of instruction, they are encouraged to visit their advisers immediately.

## CURRICULUM

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION
BSBA DEGREE PROGRAM REQUIREMENTS - 120 hours

| General Education Competencies for the BSBA |  |
| :---: | :---: |
| Communication |  |
| - Writing <br> - Speaking <br> - Listening <br> - Reading | 9 hours required <br> - ENGL 101 <br> - ENGL102 <br> - COMM 111 |

Higher Order Thinking Skills

| - Problem solving <br> - Abstract inquiry <br> - Quantitative literacy <br> - Logical reasoning | 6 hours required <br> - MATH 211 <br> - MATH 126 |
| :---: | :---: |
| Scientific Inquiry |  |
| - Scientific method <br> - Problem solving <br> - Critical thinking as determined by the student's program | 8 hours required <br> - Two sequentially numbered lab science courses in one discipline or two lab science courses in different disciplines |

| Historical and Diverse Perspectives |  |
| :---: | :---: |
| - Global issues <br> - Ethical perspectives <br> - Cultural values <br> - Historical perspectives | 11 hours required (at 100 level or above) <br> - 3 hours from Psychology, Sociology, or Religion <br> - 3 hours from Philosophy, Political Science, History, or Geography <br> - 3 hours ECON 202 <br> - 2 hours from HPER 215 or 172 |

Express/develop/promote/value aesthetic awareness

| - Expression of ideas <br> - Appreciation of fine and performing arts <br> - Development of literary awareness | 6 hours required <br> - 3 hours from ART 101/MUSI 170/THEA 101 <br> - 3 hours from Literature (ENGL 131, 132, 221,222, 261, 262, 241 or 242) |
| :---: | :---: |
| General Education Elective | 3 hours required |
| TOTAL HOURS 43 hrs . |  |

## GENERAL EDUCATION AND SUPPORTIVE COURSES

## bACHELOR OF SCIENGE IN NURSING (BSN)*

The RN-to-BSN program is designed to be an online degree-completion program for licensed registered nurses (RNs). Only RNs with unencumbered license to practice nursing will be admitted to the program. The program will enable RNs to continue their education to the bachelor's degree without having to interrupt their education \&/ or employment. Nursing courses will be taught online to give nurses the flexibility to fit their academic work into their professional and personal calendars. It is the goal of WVU Parkersburg to provide registered nurses an educational experience which will build on current nursing knowledge and facilitate professional growth. The program will offer a broad- based general education experience. Emphasis will be placed on selfdirected learning, professional and personal growth, expanded knowledge of care of the individual, family and communities.

Program Outcomes: Upon completion of the West Virginia University at Parkersburg Bachelor of Science in Nursing degree the graduate is prepared to:

1. Incorporate the knowledge and skills learned to help patients, families, and communities continually progress toward fulfillment of human capacities.
2. Make judgments in practice, substantiated with evidence, which synthesizes nursing science and knowledge from other disciplines in the provision of safe, quality care and the promotion of the health of clients and the community.
3. Express one's identity as a nurse through actions that reflect integrity, a commitment to evidence-based practice, caring, advocacy, and safe quality care for diverse clients and their communities, and willingness to provide leadership in improving care
4. Act as a scholar who contributes to the development of the science of nursing practice by identifying questions in need of study, analyzing published research, and using available evidence as a foundation to propose creative, innovative, or evidence-based solutions to clinical practice problems.
(National League for Nursing (2010). Outcomes and competencies for graduates of practical/vocational, diploma, associate degree, baccalaureate, master's, practice doctorate, and research doctorate programs in nursing. New York: National League of Nursing. pp. 33-36, 39).

## APPLICATION TO PROGRAM. The Health Sciences programs have limited

enrollment and a selective review process. Students must complete a separate Health Sciences application and provide an official copy of any prior college transcripts,

Requirements for Admission to the Bachelor of Science in Nursing Program

1. Have an associate degree or diploma in nursing from an accredited school.
2. Possess an active unencumbered license to practice as a Registered Nurse in the United States
3. Have a minimum cumulative grade point average of 2.5 on all college/university courses completed prior to admission.

## Application Procedure

Applications will be accepted year round. Application forms are available in the Health Sciences Division office and online at www.wvup.edu/healthsciences.

Acceptance and placement in the program are dependent upon the individual's academic record and upon the number of spaces available.

The WVU Parkersburg administration reserves the right to amend this documentation, upon recommendation of the Health Sciences Division without notice to insure the integrity of the program and the safety of the students, college, and community at large.

## Graduation Requirements

1. Complete 60 credit hours as outlined in the Course of Study.
2. Maintain an overall cumulative GPA of 2.5
3. Complete all courses in the program of study with a minimum grade of "C".

## REGENTS BACHELOR OF ARTS (RBA)

The Regents Bachelor of Arts program is an innovative bachelor's degree that allows adult students to complete a bachelor's degree with no major. The program differs from other baccalaureate degrees in many respects:

Program Outcomes: College credit may be awarded based on work and life experiences. These credits may count toward degree requirements and are based on written portfolios.

- The program is designed to provide students with a comprehensive general education, without the requirement of a major. With the assistance of an advisor, applicants develop a course of study that best fits their needs and educational goals.
- As no specific courses are required for graduation, the program provides considerable flexibility in how, when, and where course requirements are met.
- Students may earn credit through regular college courses (in-state or out-of-state), cooperative education, distance learning, credit by exam, and/or petitioning for college credit through the portfolio process.
- There is no time limit for completing the degree requirements.

The Regents B.A. Degree program operates on the same level of academic quality as other, more traditionally structured baccalaureate degree programs. However, poor scholarship in early years of study does not prevent the admission of students who subsequently have demonstrated their maturity and ability to acquire and use knowledge.

RBA students are governed by the same basic academic regulations as other students enrolled at WVU Parkersburg. These include rules on academic forgiveness (of past poor grades), grading, D/F repeat rule, probation and suspension, and student rights and responsibilities. Academic advising for the RBA Degree program is available at the Parkersburg and Jackson County Center campuses. More information about the degree can be found on the website at www.wvup.edu/future-students/non-traditional-programs/.

The Portfolio Process. The central principle that underlies assessment of work or life experiences is "what students KNOW is more important than HOW they learned it." If RBA students can demonstrate that their existing knowledge and skills are reasonably comparable to college-trained students, then comparable credit may be awarded.

Students may petition for credits in specific college-level courses that they have not already completed by writing a portfolio. The portfolio summarizes the learning that took place and equates that learning to the objectives in the syllabus for a college-level course. If the prior learning is not equal to a specific course, credit may be petitioned in the discipline area. Documentation is required to substantiate the petitions for credit. Portfolios are evaluated by faculty in the discipline being reviewed; recommendations are made for the award of "college equivalent credit."

Students who choose to earn credit for college-level learning acquired through professional work experience or other life experiences must complete the portfolio development course and submit a portfolio. The fee for the portfolio evaluation is $\$ 300.00$ with an additional posting fee of $\$ 10.00$ for each credit hour awarded.

## PROGRAM REQUIREMENTS

## Regents Bachelor of Arts Degree

In the process of earning the 120 credit hours needed for graduation, Regents students must fulfill the following specific guidelines:
Communication Skills: 6 Hours
May be chosen from ENGL 101, 102, 107,108, COMM 111 or 112, GBUS 202
Mathematics: 3 Hours
May be chosen from MATH 107, 108, 111, 112, or higher, CS 101 or higher, GBUS 117. Sciences: 6 Hours
May be chosen from any science course *including ENVR 102 or 310

## Humanities: 6 Hours

May be chosen from any fine arts appreciation (not performance) course, general education literature, foreign language or JOUR 101

## Social Sciences: 6 Hours

May be chosen from geography, history, philosophy, political science, psychology, religion, or sociology.
General Education: 9 Hours
May be chosen from any of the above areas.
Total General Education Hours Required: 36 Hours

* The natural sciences requirement need not include a laboratory.

Upper-Division Hours. A minimum of 39 hours must be completed. May be selected from any course numbered 300 or higher.

## Total Hours Required for the RBA Degree: 120 Hours

After Regents students have met the general education and upper-division credit hour requirements, they may choose from courses of interest to complete the balance of the 120 credit hours required for graduation. Students may elect to submit a portfolio to petition for credit equivalencies based on work or life experiences, may utilize Cooperative Education, may use CLEP test or standardized certifications to complete the additional course work.

Career and/or educational goals should drive course selection. For students who intend to apply for admission to a graduate program, course selection should mirror prerequisites and recommendations from that graduate school.

Residency. The residency requirement is 24 credit hours. Students may take courses at any public college or university in West Virginia to meet the residency requirement. Neither portfolio credit nor credit by exam may be used to meet the residency requirement.

Area of Emphasis: Students may elect to complete an Area of Emphasis in selected disciplines. The area of emphasis is not required for graduation with an RBA. The area of emphasis is intended to concentrate the student's academic work in a field of study Fifteen hours of graded upper-division courses must be completed for an area of emphasis. Pre-requisites may also be required and students should see their advisors for specific pre-requisites and course requirements.

## Areas of emphasis available at WVU Parkersburg include the following:

- Business Administration
- Communication Studies
- Global Studies
- History
- Journalism
- Literature
- Psychology
- Sociology
- Early Childhood Education
- Environmental Studies
- Organizational Leadership

## Computer Related AOE:

- Networking
- Network Security
- Operating Systems
- Software Engineering

Admission to the Regents Bachelor of Arts degree program: Students may apply for admission to the RBA program at WVU Parkersburg as their first bachelor's degree after meeting the following admission criteria:

- Must be fully admitted to WVU Parkersburg.
- Must have completed 30 hours toward the requirements of the program.
- Must be certified as a non-traditional student. Admission to the program is open only to students who meet one of the following requirements:
- 4 years out of high school: Admission to the program is open only to students who graduated from high school at least four years prior.
- GED recipients: For those passing a high school equivalency (GED) test, admission must be four years after their original class graduated from high school.
- Transfer from other degree programs: Students may transfer into the Regents program from other programs only if they have graduated from high school more than four years prior.
- A 2.0 grade point average (GPA) will be required for admission to the RBA degree program. Students who have less than a 2.0 GPA and have a clear basis for exception may appeal to the Director of the Nontraditional programs
for special admission status. Students should consult their academic advisor to apply for grade forgiveness and/or use the D/F repeat rule when appropriate.

Applications for admission to the RBA program are available from the RBA Program Coordinator and should be filed prior to the completion of 60 credit hours toward the degree.

## END OF PROGRAM ASSESSMENTS

Each Degree Certificate and Associate in Applied Science Degree program is required to identify an end of program assessment. As a part of degree completion, students will successfully complete the identified end of program assessment. Required assessments for the programs are found in the table below.

| Program | Capstone | Course | End of Program Exam |
| :---: | :---: | :---: | :---: |
| Board of Governors (AAS) | NA |  | Measure of Academic Proficiency |
| Business Administration (AAS) Business Chemical and Polymer | GBUS 310 |  | Major Field Exam Associate Degree |
| Operator Technology (AAS) | ATPT 260 |  | Center for the Process Advancement of Technology examination (CAPT) |
| Computer Information Technology | CIT 260 |  | A+, Net+, Server+, Linux+, Microsoft Certified (AAS) Professional exam (MCP) or Cisco Certified Network Association Exam (CCNA) |
| Criminal Justice (AAS) | CJ 291 |  | ETS/CJ Assessment |
| Criminal Justice (Certificate) | NA |  | ETS/CJ Assessment |
| Early Childhood Development (AAS) | ECE 255 |  | ParaPro |

| Paraprofessional (Certificate) | EDUC 230 |  | ParaPro |
| Pharmacy Technician (Certificate) | PTEC 121 |  | Pharmacy Technician Certification Exam |
| Residential and Commercial Electricity (AAS) | ELEC 260 |  | NCCER/WV Electrician License |
| Solar Energy Technology (AAS) | SET 280 |  | NCCER, National Board of Certified Energy Practitioners (NABCEP), National Electrical Code exam (NEC) NCCER, NABCEP |
| Solar Energy Technology (Certificate) | SET 260 |  | NCCER, NABCEP |

| Surgical Technology <br> (Certificate) | ST 112 | Surgical Technologists Certification <br> Exam |
| :--- | :--- | :--- |
| Welding (Certificate) | WELD 261 | American Welding Society exam (AWS) |
| Welding Technology (AAS) | WELD 260 | AWS |

## TRANSFER FROM OTHER INSTITUTIONS

Credits and grades from college-level courses completed at regionally accredited institutions of higher education are transferable to WVU Parkersburg. Credits and grades are recorded on the WVU Parkersburg transcript with equivalents noted, when applicable. Students must meet total degree credit hour requirements for all WVU Parkersburg degrees.

## GRADUATE DEGREES AVAILABLE AT WVU PARKERSBURG

The following graduate programs are available on the Parkersburg campus:
Executive Master of Business Administration. This degree is offered by the College of Business and Economics at West Virginia University and can be completed entirely on the Parkersburg campus.

Master of Arts in Instructional Communication and Master of Arts in Corporate and Organizational Communication. The entire degree is offered by the College of Arts and Science at West Virginia University.

Master of Arts in Education. Masters' degrees in several areas of education are offered by the College of Human Resources and Education at West Virginia University.

## SECTION VII

## Career Ladders

Career Ladders are designed to provide a seamless pathway from one degree level to the next. Most Career Ladders provide a pathway that begins at the certificate level (30 credit hours), and then moves to the associate degree level ( 60 hours), and finally to the Bachelor degree level (120 hours). The content at each level builds on the information from the previous level. Progress as far as you wish along the way.

## CHILD DEVELOPMENT

## Certificate in Applied Science - 31 Credit Hours

The certificate is an initial entry and exit point for students interested in a career in child development.
