ITEM: Proposed Policy B-55 Creating the Employee and Family Tuition Waiver Program

RECOMMENDED RESOLUTION: *Resolved*, That the West Virginia University at Parkersburg Board of Governors authorizes a notice of proposed rulemaking for adoption of Policy B-55, Employee and Family Tuition Waiver Program, and hereby authorizes adoption of said policy without further action by the Board if no comments are received.

STAFF MEMBER: Anthony Underwood
Vice President for Student Services

BACKGROUND:

In an effort to advance our mission of providing an educated workforce and to provide a valuable benefit to the faculty, staff and administrators who invest their talent and effort into our institution, the attached policy proposal creates a tuition benefit for full-time, benefit eligible employees and their spouses and dependent children (24 years of age or younger) to be implemented beginning Fall, 2010.

Under the proposed policy, qualified employees will be eligible for up to six (6) credit hours per fall and spring semester, while qualified spouses and children will be eligible for up to full-time tuition for the fall and spring semesters. The benefit will be limited to those pursuing a degree at an academic degree level higher than the one they currently have.

Funding for this benefit will be derived from the state tuition waiver system and will not impact the current projected budget for those scholarships currently funded by that same source.

West Virginia University at Parkersburg recommends a notice of proposed rulemaking to adopt this policy establishing the Employee and Family Tuition Waiver Program. If no comments are received during the 30-day comment period, authorization is sought to finalize this policy proposal following the comment period without further action by the Board of Governors.
