

## CLINICAL PRACTICE REQUIREMENTS

Each student admitted into the Nursing Program must complete the following:

### **Physical Examination**

After formal acceptance into the nursing program, all students must have a physical examination and file the results of the physical examination in the Health Sciences Division Office. The student must provide documentation of hearing and visual acuity, DTaP vaccine within the last 7 years, Hepatitis B vaccination series with titer (or waiver), a two-step Mantoux tuberculosis test with annual TB testing, Varicella, and MMR Titers. Students born after 1957 will not need titers if an immunization record is provided that indicates the varicella vaccine was given at 12-18 months of age, and that two (2) MMR vaccinations were given. Students may provide documentation by a Health Care Provider indicating that he/she has had the chickenpox, the mumps, and/or measles in lieu of the vaccine. Students are required to get a seasonal flu vaccine prior to clinical experience at any facility that requires the seasonal flu for their employees.

### **CPR Certification**

Each student admitted into the nursing program is required annually to maintain current CPR certification, the American Heart Association, Health Care Provider (with the use of a AED), as well as, in-service education as determined by the faculty and affiliate health care agencies.

### **Drug Screening**

WVU Parkersburg is a drug free community. Therefore, all students admitted to and enrolled in any program within the Health Sciences Division are subject to the Health Science Division's Drug and Alcohol Testing Policy which is found on the Health Sciences Division's website.

To that end, students in all health science programs will be required to submit to randomized, mandatory drug screening without notice. Failure to cooperate will result in administrative dismissal from the program. Students who test positive for alcohol equal to or greater than 0.02 BAC, illegal usage of a controlled substance, or illicit drugs will be immediately dismissed from the program and will not be eligible for readmission to any health science program.

Any student demonstrating behaviors of reasonable suspicion or impaired capacity will be required to undergo immediate drug/alcohol testing. All costs incurred as a result of this action is the responsibility of the student.

### **Background Check**

Criminal background checks are required for all students entering the Health Sciences programs. Cost associated with the state and federal criminal history checks will be the responsibility of the student. A clinical facility has the right to refuse a student access to clinical experiences based on results of the criminal background check, which may prevent progression in the program. The Health Sciences Division reserves the right to nullify a student's admission based on the results of his or her background check.

**Providing false information and/or failure to disclose background information on the application to the program is grounds for immediate dismissal.**

### **Confidentiality Statements and HIPAA Training**

Students in the Health Sciences programs are subject to institutional, state, and federal regulations. Completion of required documentation is necessary for participation in clinical and community experiences. Students will sign a HIPAA confidentiality statement at the start of each semester.

### **Progression and Graduation**

Once a student is admitted to the Nursing Program at West Virginia University at Parkersburg, it is expected that the program be completed in the prescribed two years. The maximum length of time to complete the program can be no longer than three calendar years from the date of enrollment in the initial nursing course. Students who withdraw from a nursing or a non-nursing course required to progress in the program or earns a D or F in a nursing course or a non-nursing course required to progress in the program must apply to be considered for re-admission to the program.

A student may only be granted re-admission to the program once. A student who withdraws and/or is unsuccessful in a course for the second time will be dismissed from the nursing program. Dismissal from the nursing program renders the student ineligible for readmission or return to the program. A student who is dismissed from the program has the right of appeal. A grade of "C" or better is required in each course in the nursing curriculum to qualify for graduation.

Students must demonstrate behavior consistent with the Department's *Professional Standards and Safe Clinical Practice Standards*. Failure to adhere to the Standards may result in dismissal from the program.

**West Virginia University at Parkersburg is an Equal Opportunity/Affirmative Action institution. WVU at Parkersburg does not discriminate on the basis of race, sex, age, disability, veteran status, religion, sexual orientation, color, or national origin in the administration of any of its educational programs, activities, or with respect to admission or employment. Further, faculty, staff, students, and applicants are protected from retaliation for filing complaints or assisting in an investigation under the WVU at Parkersburg Equal Opportunity/Affirmative Action Plan. Inquiries regarding Equal Opportunity/Affirmative Action, Section 504, or Title IX may be directed to Debbie Richards, Special Assistant to the President for Policy and Social Justice, 304-424-8201, WVU Parkersburg, 300 Campus Drive, Parkersburg, WV 26104.**
