Effective

Summer Semester – July 2026

Employment Status

Exempt, 12- month appointment, full time regular, grant funded, benefits eligible position.

Primary Location

Innovation and Technology Center – 1961 Innovation Drive, Vienna WV 26105

Shift

Variable. Full time is considered 37.50 hours a week.

Salary and Rank

Salary and rank are commensurate with education and experience.

Responsibilities

- This appointment will include a 21-credit hour teaching load per semester in cloud computing, automation and related technologies.
- Other college level courses may also be assigned depending on the selected candidate's credentials.
- Teaching assignments may include evening, weekend, hybrid and/or totally on-line instruction.
- In addition, duties will include academic advising, committee service, program and course-level assessment, program support, effective use of learning management systems, student recruitment/retention and professional development.
- Use of learning management systems and demonstrated effective use of technology is a condition of continued employment beyond the first year.
- WVU Parkersburg values creativity, individuality, and innovation, and expects the selected candidate to actively participate in the college community.

Requirements

- A bachelor's degree in Cloud Computing, Computer Science, Information Technology, Engineering or a closely related field, from a recognized, regionally accredited college or university OR
- An associate's degree and a combination of advanced industry experience and credentials sufficient to meet accrediting and institutional requirements.
- Demonstrated hands-on experience with one or more major cloud platforms (e.g. AWS, Microsoft Azure, Google Cloud Platform)
- Experience with automation and infrastructure management, including:
 - Infrastructure as Code (e.g. Terraform, CloudFormation, ARM templates)
 - Scripting and automation tools (e.g. Python, PowerShell, Bash)
- Knowledge of virtualization and containerization technologies (e.g., Docker, Kubernetes)
- Working knowledge of cloud networking, security fundamentals, and identity/access management.
- Demonstrated use of advanced technology systems such as learning management systems or similar technologies.
- Current industry certifications, preferred, such as:
 - AWS Certified Solutions Architect, Cloud Practitioner, or SysOps Administrator
 - Microsoft Azure Administrator or Solutions Architect
 - CompTIA Cloud+, Linux+, or Security+
- Industry experience in cloud architecture, cloud operations, DevOps, or systems automation preferred.
- Demonstrated use of advanced technology systems such as learning management systems or similar technologies.
- Understanding and application of assessment practices is strongly preferred.
- Successful college-level teaching experience is preferred, as well as prior effective use of technology in instructional delivery, and a willingness to deliver courses in all instructional modalities.
- Demonstration of teaching effectiveness is part of the on-campus interview.

Other Essential Job Requirements

- This is an on-site position.

- Regular, predictable, and reliable attendance and punctuality are expected to ensure performance of the essential function of the job, including scheduled meetings and shifts.
- May require working alternate hours or alternate locations upon request to support campus mission

WVU Parkersburg is an Equal Opportunity Institution and does not discriminate on the basis of race, sex, pregnancy, age, disability, veteran status, religion, color, ancestry, or national origin in admission, employment, educational programs or activities. Further, faculty, staff, and applicants are protected from retaliation for making complaints or assisting in investigations of discrimination. WVU Parkersburg will take steps to assure that a lack of English language skills will not be a barrier to admission and participation in career and technical education programs. Auxiliary aids and services are available upon request to individuals with disabilities. WVU Parkersburg provides a collegial and respectful environment that values the contribution of all faculty, staff, and students.
