

Interlocking Levels of Strategic Assessment and Implementation Oversight—Part 1

By developing membership and authority that overlaps in a collaborative and “chain-of-command” fashion we insure constant communication between all levels of the institution while sustaining “buy-in” and maintaining clear expectations of professional responsibility.

Goal Assessment Group Level

Composed of day-to-day managerial leads, area experts, and chaired by Vice Presidents, this body has specific responsibilities and authority to guarantee the implementation of the 2015-2020 Strategic Plan Goals.

Operational Level

Individuals and offices with day-to-day managerial oversight and control who have reporting responsibilities to Goal Assessment Groups

Interlocking Levels of Strategic Assessment and Implementation Oversight—Part 2

Each level of responsibility, reporting and knowledge is represented at the next level of decision making authority. This structure should encourage collaborative decision making, rather than having a top-down process, while reinforcing personal responsibility.
